1. THE LOBBY IS CLOSED: We are asking all parents/guardians to please watch your child walk into the studio. It is your responsibility to ensure they enter the building, but you cannot come inside with them. We feel closing our lobby will eliminate group gatherings as well as contaminating many areas in the studio.

2. THE DRESSING ROOM IS CLOSED: Dancers should bring a small dance bag with only shoes for each class style they are taking. We are asking dancers that are taking ballet in addition to other classes back to back, to wear a leotard with form fitting shorts all night. Dancers **WILL NOT** change dancewear for different class styles.

3. THE WATER FOUNTAIN & DRINK MACHINE IS CLOSED: Please make sure your child brings their own spill proof water bottle. Water Only.

4. Temperature: Dancers will have their temperature taken with a touch less laser thermometer upon arrival. Anyone with a temp over 99.5 degrees will not be allowed in. (These have been ordered and we're hopeful to receive by June 1) Dancers will then go straight to their studio for class.

5. Face Coverings: Everyone is permitted, but NOT REQUIRED to wear a face covering. The XD2 faculty will not be required to wear them as well.

6. Sanitizer: We have sanitizer in each room & front desk. Students will be required to sanitize their hands upon entry. If you'd prefer, your dancer can bring their own in their dance bag. They will be required to sanitize their hands in between each class if they stay for multiple classes.

7. No close contact: We will be adjusting many things in our classroom to avoid contact. We will not be using the ballet barres for the month of June to start. Students will not be permitted to hold hands, high five, or touch each other in any way. We will also ensure that they are not in close proximity to each other. If you can please remind them to keep to themselves, they all love to hug each other :)

6. Dancer Pick-up: Since the lobby is closed, we ask that you wait outside the front door for your dancer. PLEASE BE PUNCTUAL. There WILL BE adult supervision at the front door ensuring all dancers make it safely to parent/guardian.

7. Surface Cleaning: In between each class we will be wiping down frequently touched surfaces and equipment with bleach. Every evening everything is wiped down.

8. Deep Cleaning: The Studio will be deep cleaned twice per week.

9. Staff: Only healthy staff members (without symptoms) will be in the studio.

- HOW CAN YOU HELP -

1. DO NOT bring your child to class if they are coughing, sneezing, have a fever, stomach ache, body aches, sore throat, chest congestion, diarrhea, vomiting, or any other illness.

2. Do not bring your child to class if a family member is ill with any of the above symptoms .

3. Don't bring toys from home.

4. Don't break any formal quarantine/government restrictions.

5. Encourage your child to cough and sneeze into their arm not in their hand and to not touch other children or their teacher.

Alert us if your dancer or immediate family member is diagnosed with COVID-19.
