

New Birth Missionary Baptist Church Stormwater Management Project in Lithonia, Georgia

CLIENT/OWNER:

New Birth Missionary Church
6400 Woodrow Road
Lithonia, GA 30038
(678) 696-5030

Contact:

Mr. Jean-Raymond Lamour
Sr. Director of Facilities
P.O. Box 1019
Lithonia, GA 30058
(770) 696-5030

Date Completed:

December 2011

Subcontractor Fee:

\$7,500.00

The project consisted of analyzing the existing stormwater conditions to determine if the site complies with the local requirements for:

- Water Quality
- Channel Protection
- Overbank Flood Protection
- Extreme Flood Protection

Our team documented any stormwater management deficiencies and provided cost effective solutions to maximize any potential stormwater credits. There are three (3) existing stormwater detention facilities on-site.

Services performed included:

Our team prepared and submitted the stormwater credit application to DeKalb County along with the comprehensive summary report and a preliminary hydrology analysis. All documentation was certified by a licensed Georgia engineer (P.E.) as required. The comprehensive report included our findings, photographs, analysis, and conclusions and recommendations to maximize credits up to forty percent (40%).
