## **ABOUT THE TEACHER**

I have worked at LCS for over twenty years. I began teaching in the two year old class and have been teaching in Kindergarten for the past five year.

I love teaching children and believe they can achieve so much more than what we give them credit for. My goal is to help them reach their fullest potential.

One of our highlights for the year is our Pumpkin Patch field trip in the Fall. The children love the maze and measuring and picking out their own pumpkin. Our end of the year Kindergarten graduation in another highlight of our year. Parents and friends enjoy seeing the children in their caps and gowns and our slide show during graduation is always a big hit.

When I am not teaching I enjoy spending time with family and friends exploring new places.

My favorite Bible verse is Romans 8:28

“And we know that all things work together for good to them that love God, to them who are the called according to his purpose.”
