

Hello LVHS Friends:

It seems that our plans change daily in response to directives about the novel coronavirus. The CDC has now recommended that all in-person events that involve 50+ people be cancelled for the next eight weeks. In addition, Hillcrest Retirement Community is currently closed to non-resident visitors. To keep ourselves safe, the LVHS will cancel the April 18th home tour and the May 9th visit to the Nethercutt Museum. The June 8th member/community meeting is still "on" and I will inform you if these plans must also be changed. I have retained our sign-up lists for the cancelled events and will simply roll them over to next year.

The 1938 International truck is sitting in my driveway, all washed off with its hood and cab covered to protect it from rain. As part of the truck restoration, we have a new logo that will start appearing on our letterhead, table banner, and flyers. See below:

If you purchase a t-shirt your shirt the truck logo will be on the back and the orange on the front. Any donation is appreciated and a complimentary t-shirt is yours for a GoFundMe donation of \$100. Contact Sherry Best at 909/596-4679 or sbest@lavernehistoricalsociety.org to place your order or visit the GoFundMe link at: <https://www.gofundme.com/f/save-the-1938-international-truck>

Cancelling events is disappointing but staying safe is the most important goal at this time. Hopefully the next time we meet it will be in person and we'll celebrate our good health and courage at this difficult time.

Sherry Best, LVHS President
