RE: Tobelmann Energy Brokers, Inc.

It is my pleasure to recommend Tobelmann Energy Brokers. As a fellow business in the energy sector, Tobelmann Energy Brokers recognized the synergies that existed between our companies services. They were not only able to provide my company with a value-added service we could market to our customers [Energy Supply Procurement], but they fully trained our staff and have provided the necessary support that has ultimately led to increased sales and happier customers. As a result, our bottom line is healthier and our customers have saved hundreds of thousands of dollars on their energy supply costs.

RE: Tobelmann Energy Brokers, Inc.

The Granite Run Mall has an enormous monthly energy bill but, with the help of theTobelmanns, we were able to reduce our electricity and natural gas bills by thousands each month.

We would be happy recommending Tobelmann Energy Brokers as an energy consultant or energy procurement broker. They found us the best price and terms for our energy. They have even intervened on our behalf to bring our PECO distribution costs down by \$4,300 per year.

RE: Tobelmann Energy Brokers, Inc.

NHS Human Services employs over 10,000 individuals in the human services field and serves 50,000 children and adults each day in NY, NJ, PA, VA, MD, DE and LA. Tobelmann Energy Brokers has helped us to keep a lid on our energy budget and at the same time help us to organize our energy requirements across the Northeast.

NHS has been very happy with the services provided by Tobelmann Energy Brokers in their capacity as our energy broker. NHS has been able to save hundreds of thousands of dollars over the terms of our contracts. Andy Tobelmann has been very attentive to our needs and we would certainly recommend his services to anyone who has multiple locations.

Sincerely,
