

NEW ZONING ORDINANCE OPEN HOUSES - MAY 29th

LISTEN, LEARN & GIVE INPUT

There is still time to learn about the City's New Zoning Ordinance. Drop by the open house to discuss the project with staff, provide feedback, and find out next steps in the process.

Wednesday, May 29th

1:00 - 4:00 p.m. and 5:00 - 8:00 p.m.

Goleta Valley Community Center (5679 Hollister Avenue)

WHY IS THIS IMPORTANT TO ME?

Zoning controls where and how development occurs.

Zoning defines how properties are used, what new buildings look like, and how much development can occur in a community.

Zoning enforces many restrictions and protects existing property values.
