*"The roofs are shining from the rain,
The sparrows twitter as they fly,
And with a windy April grace
The little clouds go by.
Yet the back yards are bare and brown
With only one unchanging tree--
I could not be so sure of Spring
Save that it sings in me."*

Phase V Board of Directors Meeting Mar. 8, 2017

All Members in attendance:

William Charles : President, Cindy Christiansen: Vice President, Douglas Smith: Treasurer, Judy Keeling: Member at Large, Jerrie Valentine: Secretary, Jim Reuschlein: ClearView Property Management

Meeting was called to order at 1:05 P.M. By our President. We had a total of 15 community members in attendance.

Jerrie Valentine proposed we begin starting our meetings in the future with the "Pledge of Allegiance". The Motion passed by a slim margin.

Minutes from the last meeting were approved. The financial report was given by Jim. Motion to approve from Judy second by Cindy and also approved. We had a surplus to our current budget as of the 8th of \$32,393.00 (that however will be seriously affected with Wednesdays wind storm and damage from that.).

Management report also given by Jim for the month of February 2017. Our aged receivable report is continuing to decrease. Late letters are going out as usual to the members behind and fees are being assessed accordingly.

We have 3 units listed for sale. 2 on Lexington drive 110-5 and 73-6 one on Raleigh court 99-3

For our sellers Clearview does need to notified of the sale and the **New Owners Names and Phone Numbers** You (sellers) should also let them know of the rules and regulations of their new homesteads. And also the transfers of Books when sold.

Discussion of the New Club House Rules which the board had reviewed in our closed session last month were brought up and approved. No further discussion on that subject. Peggy Booker brought a request to the board for possible quarterly evening meetings. She feels a lot of our membership is still employed and we could possible have a greater attendance and participation from this segment of our population. Bill Charles didn't feel that would be the case however the board did agree to look at the possibility of a meeting or two at a later time. That of course would entail we having to Pay

Clearview management additional moneys for overtime evenings.

There was also some sidebars on Paul Trala coming to our meetings. The Board feels that Paul brings information to the Meeting that the entire board is not totally aware of. What he is currently working on and what issues he may be having with contractors etc. Also there seems to be great interest in what Paul is charging thus for his EXTRA work. PS please remember the man Lives here he is our neighbor and is on call 24/7 . Paul's extra billing for the Month of February was \$1,675.42 which included hot water heater replacements, thermocouplers, gas valves , covering wood pecker holes cleaning barn so he could store new inventory. And being at our beck and call.

Discussion on Lewis Brothers and our interest in getting them to make grass repair and seeding on lawns as soon as weather permits. Lewis Brothers have agreed to our contract requests and will be mowing (doesn't that sound nice) at a later hour as some of our residents had requested. If and when the Lewis brothers begin to re landscape the front of our units filing in for dead plants, etc. Lava Rock will not be included. That would remain the owners expense.

Spring inspection letters won't be sent this year. We will inspect entire property. The Board has decided not to send around a check list this year and save over \$300.00 in the expense of doing so. Since we will be doing a walk around we will, as in the past only be working on units that need attention. And not just general cosmetic issues.

We have **New Pool Attendants** to begin the pool season. Debbie Staebler and Katy Kay will be splitting the position. Thank you ladies for taking this on and Good Luck.

Volunteer of the Month : A big round of applause for John McGraw for all he does for us without being asked or compensated for! Thanks John!

Meeting was closed at 2:10 P.M.

Colonial Acres Phase V Clubhouse Meeting Mar. 13, 2017

Called to order 9:30 AM.

Treasurer's Report By John McGraw budget handouts to follow report. Discussion on increases of maintenance over the past few years. Discussion on cleaning costs with requests for review of this service.

St. Patrick's Day Party Recap By Laura Meyers. It was an excellent party with great food. 71 tickets were sold. A big thank you to Peggy Booker for organizing this event and collecting a wonderful array of door prizes with winners drawn from the attendees ticket stubs. Thank you and a Great job to everyone that worked this event!

Swimming Pool Manager Position Has been filled by Katy Kay and Debra Staebler.

Proposed Newcomer Committee Nancy recommended that a committee be formed and have a meeting date monthly for new members that work and are not available for the day Clubhouse Committee meetings. She suggested this meeting be held Saturday mornings at 9:00. This committee would document ideas and topics to be presented to the Clubhouse committee. A suggestion was made that this meeting be open to all residents not just new residents. Also in response it was suggested perhaps it be referred to as a Resident Input/Remarks Meeting. Not necessarily a committee but a meeting for residents to brainstorm ideas and share concerns that may or may not need to be further addressed.

Shared Community Garden Judy Keeling will investigate permit requirements. Additional information to follow.

Community Wide Garage Sale Sharon will investigate the requirements for participating in this which is believed to be held May 4,5,6&7. More details will follow.

New Resident Greeter Update Jane Severn received info for 2 units with new residents which she will schedule her welcome visit.

Coffee Hour Mondays Update Given by Deanne Carter. 58 people attended Monday coffees in February. There is a HUGE need for helpers with the coffees. Someone to pick up the donuts is one of the major needs. If there are to be donuts at the coffees we need someone to pick them up.

Purchasing By Chris McNally. Prices on supplies have increased over the years. Pricing for alternate paper towels for the bathrooms will be researched.

Clubhouse Rentals John McGraw mentioned there are 21 rentals scheduled for this year so far. He also reported that rentals were down for 2015, which resulted in a loss of revenue for 2016.

Newsletter Delivery By Diana Landsberg. All is well with deliveries.

Meeting adjourned at 10:20.

Newcomer's Corner—Monthly Idea Exchange

A new group has been formed for newcomers who have asked to voice their ideas for the betterment of our community. Since many are still working and unable to attend regular monthly Clubhouse and/or Board of Directors meetings we have created a platform to formulate ideas to be presented to our committees.

This group will meet at 9 am the first Saturday of each month in the Phase V

Clubhouse. It is an opportunity to brainstorm with peers, and draw up proposals to be presented to our clubhouse committee for its monthly meeting. A member of the newcomer's group should draft the ideas and provide them to clubhouse co-chair, Sharon Makowski or chairperson Nancy Meininger for discussion at the regular monthly clubhouse meeting on the second Monday of the month. Your input is valuable. We look forward to your participation.

Tips to Save Money at the Pharmacy Counter

The United States spent an average of \$9,086 per person on health care in 2013. That number is likely even higher today. With growing health care costs, many health insurance plans today come with significant deductibles. A deductible refers to the amount you must pay for covered health care services before your insurance plan starts to pay on your behalf.

If you're stuck with a high deductible plan this year, here are a few tips to save on your medications.

1. Bring a copy of your drug plan formulary to your doctor visit. Your doctor will be able to find the most appropriate medication for your health condition and minimize the cost.
2. Consider over-the-counter medications. An over-the-counter (OTC) medication may be a lower priced option for treating conditions such as seasonal allergies, acid reflux, or arthritis. For example, purchasing generic Omeprazole over-the-counter when it is on sale may save you a significant amount of money vs. purchasing Omeprazole with a prescription when you're in the coverage gap.

3. Utilize *free* pharmacy discount cards for medications that aren't covered by insurance. Many routine medications are no longer covered by Medicare Part D insurance plans including Cyclobenzaprine (Flexeril®), Robitussin-AC, or prescription strength Vitamin D 50,000 IU. For example, the cost of 4 oz. of Robitussin-AC with a free discount card is \$8.74 at Walgreens (a significant savings compared to the full cash-price). To compare the prices on your medications, visit www.GoodRx.com.
4. Take advantage of senior discount day at Walgreens. Did you know that Walgreens offers a 20% discount on regular-price merchandise in the store to seniors 55 years of age and older on the first Tuesday of every month? Plus, when you visit the pharmacy on senior day you receive an extra 500 Balance® Rewards points.

DOT'S RECIPE BOX By Dot Saunders—239-352-6495

Key Lime Pie

| | |
|--|-------------------------------------|
| 1/2 cup graham cracker crumbs | 1 cup ground macadamia nuts |
| 1/2 cup sugar | 1/2 stick butter, melted |
| 2 -14 oz cans sweetened condensed milk | 1 cup key lime juice (or reg. lime) |
| 2 whole eggs | 1 cup sour cream |
| 2 tbsp powdered sugar | 1 tbsp lime zest |

In a bowl mix nuts, graham crackers, sugar & butter. Press mixture into 9" pie plate and bake at 375 degrees until brown 15 - 20 minutes.

Lower oven temp to 325.

In separate bowl combine condensed milk, lime juice & eggs. Whisk until well blended and place in cooled pie shell. Bake for 15 minutes. Chill at least 2 hours.

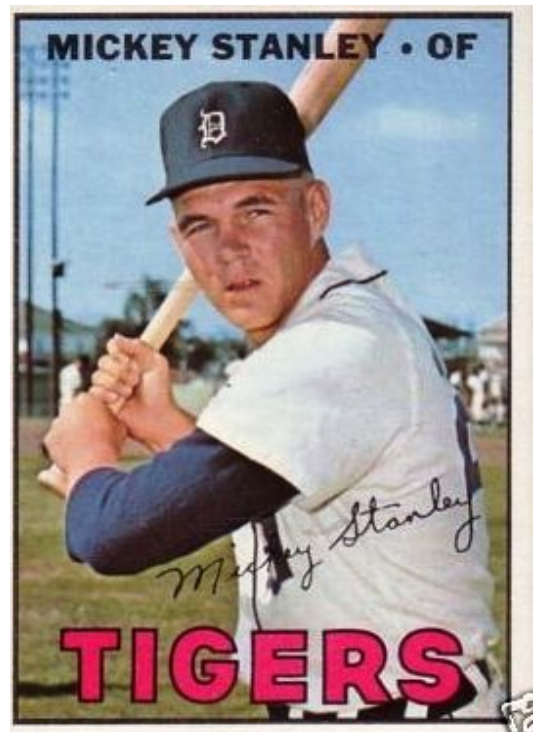

Once chilled combine sour cream and powdered sugar, spread over top of pie. Sprinkle with lime zest. Chill.

History in Your Backyard

Your neighbor, Detroit Tiger, Mickey Stanley

Born in Grand Rapids in 1942, Stanley, who lives in the neighborhood around Silver Lake, played his entire career in Major League Baseball for the Detroit Tigers from 1964-1978. He was known as a superb defensive outfielder over his 15-year career, though he is best remembered for the last few weeks of the 1968 season.

An article by Jerry Nechal, recalls the 1968 World Series when Stanley was moved from the outfield to shortstop position, as one of the boldest managerial moves in the history of the game. But both Stanley's career and several of his accomplishments were quite remarkable. His 15 seasons with the Detroit Tigers put him in a category of only 63 others in length of tenure with one team. Stanley won four Gold Gloves, and, through the 2006 season, was 12th all-time in fielding percentage for outfielders.

Library Notes By Deb Staebler

There are a lot of readers in our community, we are very happy to report. We are still accepting newer released books. We received a wonderful collection of DVD's from a donor. Thank you so much for that donation. Be sure to check out our

nice selection of movies. Please remember to return the movies and books. As mentioned we are phasing out the VHS tapes. The VHS tapes can be found in the cabinet under the book return crate. Please help yourself to those tapes.

Live A Little for April: Head for A Weekday Or Weekend Out

By Bill Semion

Ok folks, enough of sitting in your condos staring at the tube for days on end. You're retired, at least for the most part. That sedentary life shouldn't be your style.

This column is, has been and will be all about getting out and enjoying yourselves, and here are a few astoundingly easy ways to do it while we all wait for the pool to re-open next month.

Taking a holiday away is as easy as getting on the phone, first to your friends to gather a like-minded group, and then to make reservations. Here are some ideas, focusing around the relatively inexpensive deals offered by a variety of hostels this time of year, from casino hotels, where you never have to visit the gaming floor, to other spots just waiting to host the group you're going to form.

Grand Traverse Resort & Spa, outside **Traverse City**, about a four-hour drive from your living room recliner, offers a variety of high-rise rooms, condos, plus three restaurants, two bars, 3 golf courses—yes, with the way this spring is going, they'll probably be playable—and a great spa offering everything from workout equipment to get those joints oiled again for summer, to relaxing massages and treatments. Head out to explore downtown TC's great restaurants, or sip samples at the scores of wineries, which are finally gaining a national reputation for some great grapes. Lounge at the indoor pool, but most of all, DON'T sit in your room in front of the TV.

Time it right, and you'll see thousands of acres of cherry trees in full bloom. For specials on stays, call 231-534-6000, or go to www.grandtraverseresort.com.

Boyne It

As of this writing, **Boyne Mountain** skiing is still going strong, but by April, usually skis start turning into golf clubs, with the last official ski weekend here usually a combination of the two, just for fun.

If you're a golfer, check out the great spring rates. If you're a skier, cross your fingers and hope for late snow. But again, you don't need to do either to have a great time. Combine a lodging deal stay here with a trip to Avalanche Bay, Michigan's largest indoor water park, and its renowned spa for another massage. Can't get too many.

Check out the deals at www.boyne.com, or call 855-688-7024.

Closer to home, here's a treat: Head to Detroit and discover what the hubbub about its comeback is all about. Enjoy dinner in Greektown or at nationally acclaimed Slows Bar Bq (313-962-9828), on Michigan Ave. near the old Tiger Stadium location. Then head to the Top of the RenCen for drinks and dessert before heading to your room a few floors below at the Detroit Marriott. For rooms and packages there, call 313-568-8000.

Finally, Tiger Stadium brings up another idea. One that won't cost you much. Head for the Opening Day fun, or plan another day at Comerica Park, possibly combined with a Detroit Marriott stay, and the aforementioned trips to Greektown, Top of the RenCen, or Slows.

Most of all, get off that recliner, and do something! Anything! It's time to enjoy!

Your Detective work is needed!

By Denise Semion

For the second year, Colonial Acres Phase V will be participating in the Canada geese nest destruction program coordinated by the U. S. Department of Agriculture (USDA) and Michigan Department of Natural Resources (MDNR). Your observations of any nesting activities will help us find and destroy the nests, and help control the goose population.

The nest destruction program gives Phase V a permit to destroy Canada geese eggs, and encourage these birds to leave our ponds. According to the MDNR, this is the most effective method to control geese. With an exploding population of these birds, any land in the tri-county area in Southeast Michigan is automatically approved for nest destruction permits. Jim Reuschlein, of Clearview Management, along with a few volunteers, will conduct the nest destruction activities according to the requirements of the permit.

Canada geese typically start searching for nesting sites in March. They build nests in a variety of areas near shrubs, under trees, and, of course, just about anywhere near a pond or water source. Our ponds and trimmed grass provide excellent habitat for geese, whose numbers seem to be increasing here in recent years.

Your eyes and ears are needed to help identify where any Canada geese are nesting at Colonial Acres Phase V this spring.

Please take a look around the grounds and let me know if you see any nesting activity. I will then call Jim with the nest locations. Please do not approach the geese, or the nests, as the volunteers will do the work.

Last year, volunteers removed 20 eggs. I've heard that at least one nest was not found, and chicks did hatch.

Besides reporting any nests, please do not feed the geese or other waterfowl. Do not place birdseed or other food on the ground, as it encourages geese, chipmunks, squirrels and other critters to common areas and courtyards. Although you might enjoy watching a cute chipmunk eating his lunch on a ledge where you left food for him, your neighbors may not appreciate that same chipmunk visiting their courtyard. Chippies burrow under walkways, pavers and even into wooden walls.

Please feel free to contact me at 734-658-8755 or dsemion@gmail.com to report any nests or other geese activity. Thank you.

AFTERNOON READING ADVENTURES

Reviews by Jessica Hesselgrave of Salem South Lyon Library

***Swimming Lessons* by Claire Fuller**

Ingrid Coleman is a writer of letters. She writes letters to her husband, Gil, and hides them in the thousands of books he has collected over the years. When she writes her final letter she disappears – leaving Gil, and their daughters, Flora and Nan.

Twelve years after Ingrid's disappearance, Gil thinks he spots her in a bookshop, but chalks the apparition up to his increasing senility. Flora, who never believed the story of her mother's death by drowning, returns home to care for her aging father, stumbling upon the answers to her mother's disappearance in the books that surround her.

***Blitzed: Drugs in the Third Reich* by Norman Ohler**

The Nazi regime advocated an ideology of moral, physical, and mental purity. But on the eve of World War II, Germany was a pharmaceutical dynamo, and big-name companies like Merck and Bayer produced mass quantities of cocaine, opiates, and methamphetamines. These drugs were consumed by factory workers, housewives, and millions of German soldiers. The troops regularly took rations of crystal meth to increase energy levels and feelings of invincibility. These drugs made their way into the hands of the Nazi high command, and to Hitler himself, who over the course of the war, became dependent on a powerful drug cocktail.

Tips for Seniors from the Archives at United Healthcare

Move to Boost Your Brain Power

Exercise can slow the aging process not only physically, but mentally, too. In another recent study of Canadian women older than age 65, a link was found between physical exercise and the brain. Those who did regular aerobic exercise had better blood flow to the brain, which helps its ability to process information. In fact, the women who exercised scored 10 percent higher in brain function tests.

Keeping your brain fit with mental workouts also can help increase memory. So, challenge your brain by trying a new hobby or tackling a crossword puzzle, suggests the American

Psychological Association. Learning a new language or playing a new musical instrument may help, too.

The American College of Sports Medicine and the American Heart Association recommend that healthy adults need at least:

- 30 minutes of moderate activity on five days each week - such as brisk walking, yoga or dancing or
- 20 minutes of intense activity on three days each week - such as jogging, swimming or aerobic dance and
- 20 minutes of strength training twice a week

Senior Dining (Meals on Wheels)

On February 7, 2017, the Tuesday/Thursday Senior Dining noon luncheons were resumed with fourteen residents participating in a hot meal and companionship with their friends. Now that we are back, it is our hope that we can bring this count up to 25-30 knowing that there are many more residents who have their noon day meal alone and could enjoy the company and chatter of others. Also, the monthly menus will now be available in our newsletter. Remember to call in your reservation at least 24 hours in advance--by noon on Monday for the Tuesday lunch and by noon on Wednesday for the Thursday lunch. The cost is \$3.00. Phone #:248-446-1397
