Some classes offer tap and others do not, but they will offer another dance styles other than jazz/funk. The older students will be offered hip-hop/jazz/funk, ballet technique, modern, lyrical, Irish, break dancing, and tap. The younger students will be offered light gymnastics, technique classes in all dance forms, ballet, modern, tap, jazz/funk, lyrical and Irish. The average class size will be about 10-15 students, while some may be slightly smaller or others may be a little larger due to interest. Class length will be 30 or 45 minutes or one hour depending on which class your child is placed in, depending on age and ability level.
2. Students will be placed into a class that best meets their needs. This could mean the student starts out in one class and may be moved around to another. Sometimes their needs change and they may need to be moved to another class whether it be up or down. It is the teachers preference as to where the child ends up.
3. Parents are not permitted to stay in the class during class without permission from Roxie. There are certain circumstances such as new students and parents days that Roxie may allow parents in the room to watch dance classes. At both studio's there are parent waiting areas and the parents can wait for the dancers there while they are attending classes. **NO ONE IS ALLOWED TO WATCH DANCE CLASSES!!**
4. Attendance will be taken during every dance class and any student missing more than Seven (7) dance classes during the year will have to get Roxie's permission to participate in the recitals and special dances the studio performs. This is going to be enforced because the student needs to be well prepared and know the dance or dances he or she will be performing. Also this needs to be fair to all dancers involved and if there are a few students who cannot attend class regularly and are unprepared than we want to be fair to all students and make sure final performances look nice.
