

3-D DANCE POLICIES

To keep our studio a fun and encouraging learning environment, we ask you to read and adhere to the following policies and guidelines regarding all classes:

Students are expected to observe our dress code outlined on our website (www.3-ddance.com)

Students are expected to attend their classes regularly and to be punctual. Consistency is essential for a dancer's progress.

Consistent attendance is necessary to prevent injury. If a student arrives 10 to 15 minutes late to class they may be asked to wait until their is a natural break in the class.

Students may not leave class without a teachers permission. Please allow for appropriate restroom use prior to class. Very young children will be treated sensitively as the need arises.

Preschool children may need a parent's attention from time to time for various reasons including bathroom or behavior issues. Please do not leave the waiting room when very young children are in class without informing the office or having another parent responsible during your absence. We make every effort to have all children feel safe and cared for in a loving and inspiring learning environment.

Students are placed in appropriate levels based on a variety of criteria. A placement period may be needed to determine the appropriate level for our Older Children and Teen Divisions. Class placement is determined at the end of each school year, although level promotion may occur at anytime during the year at the discretion of the instructors. New students may email the studio for placement questions (info@3-ddance.com).

LOST AND FOUND- All items will be placed in a turquoise bin located in the foyer area. Unclaimed items will be donated to CCA on a monthly basis.

Dance class is education and fun, however, an important part of class work is developing an attitude of discipline, dedication and respect for teachers and fellow students. 3-D DANCE BEHAVIOR POLICY

To assist students in developing self-control, self-confidence and sensitivity in their interactions with one another, and to ensure order, prevent injury and ensure a child's activities are not infringing on another student's ability to learn in a positive environment, 3-D Dance adheres to the following strategies to guide the students' behavior:

1. Focus on the child's behavior, rather than the child.
2. Reinforce positive behavior.
3. Observe children in order to anticipate potential difficulties.
4. Establish eye contact and calling the student by name to gain a child's attention.
5. Remaining physically near the child in situation where he or she may be losing self-control.
6. Model problem solving.
7. Offering choices.
8. Re-directing.

If all else fails, the student will be removed from the situation in a way that ensures that the classroom remains a safe and positive learning environment for others.
