

PEOPLE WE SHOULD AVOID?!!

You may think-"REALLY"? You've got to be kidding! I thought we were to "love" everybody! Do you mean that the Bible actually tells us that there are certain people we should have nothing to do with? Well, take time to look up the following verses and write down the types of people that Scripture warns us to stay away from. A warning is something to be taken seriously, and if God warns us about certain people, we'd better be on guard and keep our distance. Satan has used many initially "harmless" relationships to introduce destructive temptations, or corrupt a person to their ruination. Remember God's wise counsel is always for our good and our happiness as well as His provision and protection in our lives.

Now, evaluate you own personal relationships in light of these wise warnings. Are there people that you need to break away from because of their unbiblical influences?

The Biblical solution always involves positively replacing those wrong relationships with "righteous" ones.
