

Tim Wright-McNeil

Tim has been a DSP based in the Adult Day Program for about a year. Tim has also subbed in at a one of MYEP's residential sites since it opened. Tim is an extremely reliable DSP for both programs. Tim does what is asked by his supervisors and much more. Tim is continuously engaged with the people he provides services too, and genuinely cares about them. Tim goes above and beyond by picking up shifts when needed, taking on additional tasks and responsibilities during his shifts, and has become a major asset to the MYEP family.
