

Elf Angel

This program, formerly known as Santa and the Elf Angel Project, offers wrapped Christmas gifts “from Santa” to families referred to us by churches, social service organizations, and school administrators. The head of the household completes a form with name, age, and gender of each family member, along with their clothing sizes, favorite colors, and gift preferences then returns it to Heaven on Earth NOW. Angels shop, wrap, tag, and assemble gifts for each family. These are delivered via mail or in person in time for “Santa” to arrive.

Items may include: pajamas, clothing outfit, coat, underwear, socks, book, toy, a household item (such as CrockPot or toaster), and a daily devotional. We include a self-addressed card and envelope to encourage each family to let us know how we did.

In 2016, this program served families in Maryland, Pennsylvania, California, Colorado, and Florida. The outreach varied from state to state, depending on Heaven on Earth NOW Team Leader’s input about specific needs in the client community.
