CHILDREN’S CHRISTMAS SERVICES

(www.childrenandthechurchpublishing.weebly.com)

Looking for a unique Christmas program? How about a service that has real meaning? Adele Bluhm, a retired Lutheran school teacher, has written many services for day schools and Sunday schools. These are not just skits but complete services that are perfect for schools and Sunday Schools of any size. Patterns and/or explanations, for all visuals are included as well as Leader’s notes. PowerPoints are available for some services.

Most of these services do not end with the Wise Men but include the resurrection which is the real meaning of Christmas. The worship service encourages those attending to take the message beyond the doors of the church.

Recently Mrs. Bluhm has added shorter services (messages) for early childhood or preschools. They are interactive with young children and work well for small Sunday schools.
