

## The Role of Juries

### Juror Profile

What characteristics or attributes would you want in a juror?

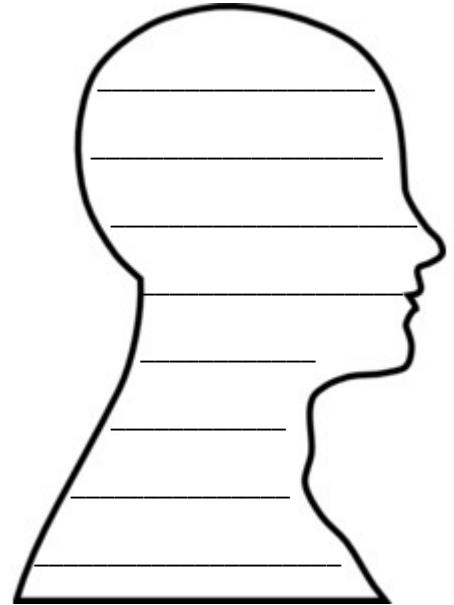

If you had been charged with a crime, what qualities, characteristics or attributes would you want in the people selected to serve on your jury?

What matters to you?

Would you consider their age, socioeconomic status, gender, religion, education, criminal background, citizenship status, etc.?

Or are you more concerned with their personality and/or qualities?

Discuss your list in a small group.
