HOME FOOD DELIVERIES

Home deliveries are available to clients who are seniors (age 60 and over) or to individuals who are disabled.

Home delivery clients may receive a delivery once per calendar month, for maximum of twelve (12) times per year. Home deliveries are currently done on Thursdays; clients wishing to receive home delivery must call by 2:00pm the day before.

Barberton Area Community Ministries **DOES NOT** do “automatic” deliveries; clients **MUST** call each month they wish to receive food. Home delivery clients are required to sign a **State of Ohio TEFAP** (The Emergency Food Assistance Program) form each time food is delivered. Clients **MUST** be home at the time of delivery; food will not be left without a signature. Clients who are unavailable for more than two scheduled deliveries will be removed from the home delivery program and may come to *Barberton Area Community Ministries* during regular pantry hours to receive food.
