High Quality Systems

Enhance the ambiance, comfort, and convenience of your extraordinary home with smart electronic solutions from Electronic Home Environments. From state-of-the-art home theaters to the ultimate mood lighting, music systems, and remote climate controls, EHE will custom design and install luxury home electronics that exceed your expectations.

HOME THEATERS AND MEDIA ROOMS

Imagine a high-tech media room equipped for movies, sports, gaming, and entertainment. EHE will help you choose the right acoustic paneling, screen size, audio system, lighting, seating, and more to create the ultimate in-home media experience.

HOME AUTOMATION

Control mood lighting at the touch of a button, program your shades to reduce sun exposure on your artwork, or adjust your thermostat after you've left on vacation. Home automation from EHE delivers convenient control of all your home electronics from an easy-to-use touch panel or your smart phone.

DISTRIBUTED AUDIO AND VIDEO

Enjoy your favorite playlist in the kitchen while the kids listen to top 40 hits by the pool. With distributed audio and video systems from EHE, you can play your favorite music and television shows throughout your home while your family enjoys their favorites at the same time.

LIGHTING CONTROLS

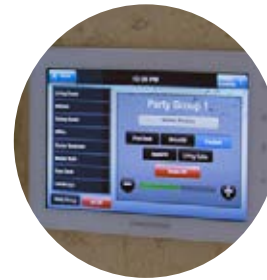

Add ambiance, convenience, and security with just the right lighting for dining, displaying artwork, relaxing at home, or when you're away. Lighting control solutions from EHE let you create the perfect atmosphere for each area of your home using preset lighting moods or custom programs.

MOTORIZED WINDOW TREATMENTS

Choose from a range of custom motorized window treatments for precise light control and a reduced carbon footprint. Control your shades with the touch of a button or set automated programs based on time of day. So quiet you won't even hear them raise and lower!

NETWORK INFRASTRUCTURE

The backbone of your home's automation is a reliable infrastructure of high-quality wiring and electrical components. EHE can design and install a robust network to link your touch panels, computers, televisions, audio, Internet, and more to give you convenient control of your unique home.

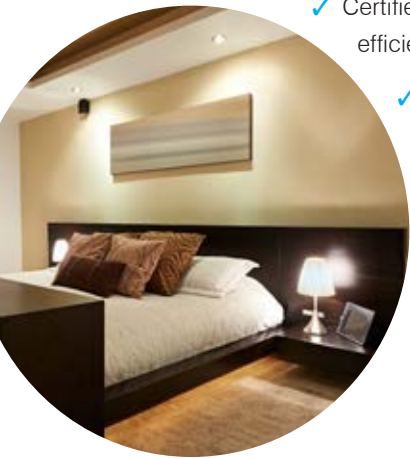

HASSLE-FREE DESIGN AND INSTALLATION

Imagine enhancing your home with innovative electronics to make it more comfortable, convenient, secure, and entertaining. At Electronic Home Environments, we listen to your “wish list” and then make it a reality by customizing electronic systems to precisely fit your home and lifestyle.

To make the process as smooth and hassle-free as possible, you’ll receive a dedicated project manager and a lead technician who will see your project through from start to finish.

WHY CHOOSE EHE

- ✓ Our team collaborates with your builder to seamlessly integrate electronics into your new construction.
- ✓ Want to wire your current home? We design a system that fits your existing architecture without unsightly wires or components.
- ✓ Certified installers ensure your system is deployed efficiently and correctly, the first time.
- ✓ We worry about the technical details, you simply enjoy your enhanced environment.

“Insert a great client testimonial about hassel-free design and installation to go here.”

LASTING RELATIONSHIPS AND RELIABLE SUPPORT

When you choose Electronic Home Environments, you get a reliable partner to design and install your home electronics professionally, efficiently, and with minimal hassle. We stand by our products and services throughout the duration of your project and beyond.

After your system is fully deployed, you can count on EHE for technical support and to answer any questions you might have. If your needs change or new technology emerges, we can work with you or your designer to upgrade or add components to your existing systems.

LONG-TERM RELIABILITY

High-quality infrastructure and equipment results in minimal hassle and maximum reliability. Superior customer service gives you peace of mind throughout the design and installation process and long after the sale.

Partnership Opportunity for Builders

Architects and builders looking for a luxury electronics provider find a reliable partner in Electronic Home Environments. Count on us to first listen to your vision and the needs of your client, then deploy the systems that meet your precise needs—smoothly and reliably, the first time. Each client receives a dedicated project manager and lead technician to ensure the highest level of customer service. Call on us in the early stages of your projects for maximum efficiency and client satisfaction.

Contact us at 888-814-7510 or info@ehenvironments.com to learn how collaboration with EHE can increase your value to clients.

ELECTRONIC HOME ENVIRONMENTS

With more than 75 years' combined experience, the team at Electronic Home Environments has the technical savvy and dedication to enhance your home and your life with innovative electronics. Whether you're looking for high-end audio, a home theater, lighting control, or home automation, EHE delivers. What sets us apart is our attention to detail, our willingness to listen to your needs, and our ability to not only meet your expectations but exceed them.

We're flexible enough to work with you, your designer, or your builder—in existing homes or new construction—to ensure you get the electronics you need to enhance your home and your life.

EHE currently services the Metro DC/Baltimore areas. With our main office in Annapolis, MD, we are able to service clients from the Eastern Shore to Northern Virginia.
