Olympics are Human Circus entertainment, a Culture of the **Chain of Evil**. Olympic-Games are Government supported mass entertainment for the non-struggling population. Entertainment consists of games with human participants. Games are elitist, each game has a performance-freak winner & many losers'.

Only Tyrannies & rich Nations can afford to supply infrastructure for Olympics. These Games need purpose build facilities & infrastructure, wasting community resources & creating long-term community debt. These Facilities are Energy wasters & Polluters. These Facilities are under used & high in maintenance costs.

Purpose for Games is Marketing catering to Addictions: *Alcohol, Gambling, Shopping, Smoking, Fast-Food, Gadgets...* Profiteering Sponsors of Games & Athletes (*performance-freaks*) & Nationalism drive Olympics. Gambling & selfish elitist Athletes lead to cheating, corruption...

Olympics are administered by the IOC. This corrupt organization decides which country gets to hold every 4 years Games. Members bribe each other with millions in currency. They ask their Government for behind the scenes help.

1GOD opposes Tyrannies (*especially Hereditary*). **1GOD** opposes Elitism, Greed, Globalization, Injustice & Wealth-Apartheid. **1GOD** sent a Warning: *Pulverization of the World Trade Center in New York*. However Humankind ignored the warning. The Wall-street Criminals are unpunished. In fact they are back even more criminal.

Universe Custodian Guardians believe another Warning is coming: 'London' is the receiver..
