

# Realist Mobile Installation

Install the free Realist Mobile app from App Store or Google Play

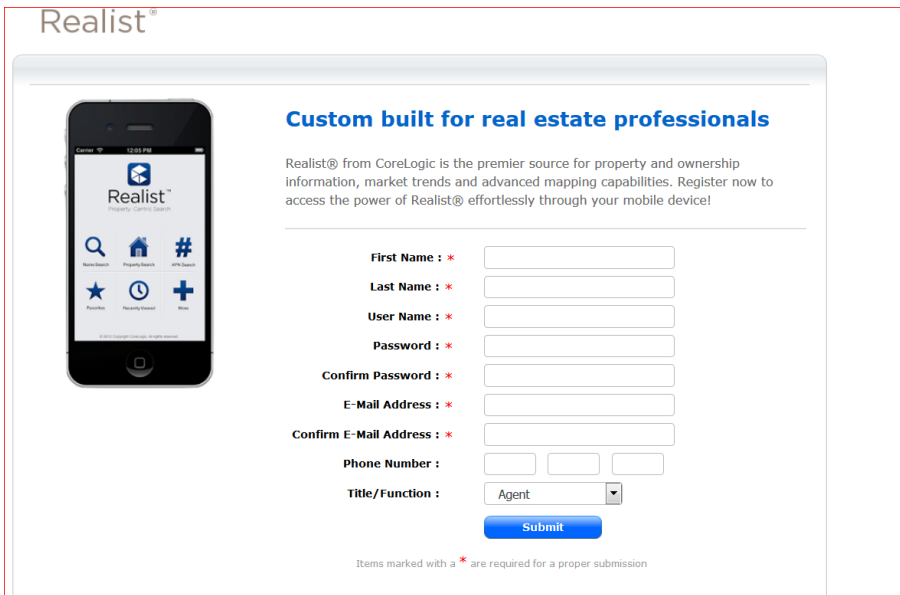

Access Realist from within MLS **from a desktop or laptop** (not mobile or tablet)

On upper right next to your name, **click Realist Mobile**

Complete the required information. Your username should be your license # with the leading 0. You can input the password of your choice.

**NOTE: This is a static password not linked to your MLS login and will NOT change when you change your MLS password.**

Return to the App on your phone and login with the credentials you just established.
