Hypnotherapy is a state of intensified attention and receptiveness with an increased responsiveness to an idea. Assists in increasing motivation and/or altering behavior patterns such as smoking or pain management, resolving anxiety and phobias, healing childhood/traumatic past, regression therapy & more.

Integrated Energy Therapy provides gentle yet powerful support for survivors of childhood traumas such as abuse, alcoholic and dysfunctional families. Clears energy blocks that limit your purpose, prosperity and creativity. Painlessly identifies and releases suppressed feelings / core cellular memories.

Massage is a gentle, relaxing way to nurture yourself. It can release tension, improve circulation, and reduce mental and physical fatigue. Revitalizing and energizing—a real stress buster. Trigger point avail.
