

Serenity Residential Services is a non-profit organization dedicated to offering an initiating and healthy environment to adults and children with developmental disabilities.

We believe in providing superior living conditions through focusing and attending to every individual's personal needs and goals.

SRS provides an opportunity for independent living, decision-making, and around the clock supervision and assistance.

With the assistance from experienced and trained direct care staff, individuals receiving services through SRS will be given the experience of maximum care, respect, and most importantly, compassion..

Please feel free to contact us for more information. We will be more than happy to assist you!

THANK YOU!

ABOUT US

Serenity Residential Services is a welcoming home, furnished and decorated to complete a homely establishment. SRS will provide 24-hour awake supervision and care to persons with developmental disabilities. Individuals served will have the opportunity to perform essential daily living skills through continuous training, supervision and support by direct care staff.

We believe in offering residents opportunities to discover positive methods of vitality while targeting interests, social skills and communications, and relationships. Our services are based on the identified needs and desires of those served and their families.

“At SRS, the only disability is having the ability to make a difference, and won’t.”

Rodney Thomas
Executive Director/Owner

SERVICES PROVIDED

Residents at Serenity Residential Services will receive personal care services and assistance with the following essentials of daily living such as:

- Meal Planning and Preparation
- Medication Support
- Cooking and Cleaning
- Bathing, Toilet, and Personal Hygiene
- Personal Grooming and Dressing
- Social and Adaptive Skills
- Self-Determination
- Community Outings

PROGRAM OVERVIEW

At Serenity Residential Services, person-centered planning is a way for residents to plan their lives with support and assistance. We use this method by taking the individual’s unique hopes, goals, strengths, and preferences, and organize them in plans based on our residents’ desires.

Through this process, we can make plans and determine services for those we serve to work toward and achieve identified outcomes.

We believe community integration offers residents an opportunity to utilize natural supports, increase their participation in the community, and achieve a greater level of self-sufficiency. To stimulate social growth, residents at SRS will have the opportunity to the following community activities:

- Leisure/Recreational Activities
- Religious Activities
- Educational Activities
- Volunteerism
- Vocational Pursuits
- Community Service
- Cultural Activities
- Health and Wellness Activities

Our program is molded around residents’ individually determined ambitions that will assist in the achievement of independence, dignity, health, and satisfaction. From recreational outings to their favorite meals, individuals served at Serenity Residential Services have a choice.

Choice ■ Compassion ■ Care

OUR MISSION

Serenity Residential Service’s mission is to generate and maintain a nurturing and reliable organization, which provides individualized high-quality care that meets the personal strength and needs of the individuals we serve.

WHO WE SERVE

- Males & Females
- 5 and older
- Must have a developmental disability
- Free from communicable disease

OUR GOALS

Serenity Residential Services is committed to achieve the following goals:

- Provide a positive nourishing and secure environment
- Provide incomparable individualized high-quality care
- Support independent living skills through daily trainings, routines and practices
- Promote physical health through proper nutrition, safety, exercise, and medical and dental health care
- Promote mental health through access to psychological treatment and other community professionals
- Promote social health through group activities, encouragement, and therapy
- Create an impartial familial atmosphere while promoting independence
