I. INTRODUCTION

The most indelible word “GREEN” is having an unprejudiced value in all over the globe to entrench an unblemished environment, where common people can have the most peaceful occupational platform to perform and on the other hand they are truly able to settle the great professional sphere with words and wisdom. Moreover any pure environment really helps us to generate the additional energy and the indomitable spirits of culture through an absolute positivity of progress in all the regards. An environment is fabricated by a lot of attributes, which are living and non-living in nature. Most notably land, soil, climate, temperature, water do play an opulent role to make it green and to ensure the hazardless society as well. Therefore it is one of the best social mediums for our rapid communal breakthrough at all.

II. THE FUTURISTIC AIM OF GREEN ENVIRONMENT

Environment is the biggest priority from the perspective of global environment and its cultural magnification as well. Because progress can never be successful without any active social activity right now in all over the world.

- Neat Community: Social leaders do have the prodigious responsibilities to project an astounding community for green progress. Each social leader must be very aware about the essence of green and the multifarious functions respectively. So that, they shall be disseminating this crucial message to the entire society in a befitting manner.
- Nicety of Environment: This nicety is really essential for the destined social welfare, which affects a lot for each member of a society to protect the environment from any hazard in deed. So that, it shall be entirely peaceful and amicable to touch the communal attainments in style.
- Adequate Tree Plantation: This awareness shall be truly pivotal for the entire universe to be alive in an unblemished platform. So plantation must be really effective to generate more oxygen and to provide the same to each one of us as per the real need in deed.
- Vigorous Supervision: As per the superb communal glory it is truly praiseworthy to supervise the entire process regarding “Tree Plantation” and the worthy usage of this in all over the globe. So it shall be really easier for all of us to enjoy the bright social sustainability in an amicable manner.

- Educational Conferences about Green: It is our asset forever. Each individual shall have to be absolutely very alert about the wide celerity of Green Environment. Moreover they will be able to participate and share their encyclopedic thoughts about the pivotal environment.
- Invitation of Invited Speakers: This opportunity must be incorporated with this global initiative. So that, renowned speakers shall have their needful opportunity to come here from different provinces to expound their agreeable perception about green environment and that shall highly enriching for each one of us to be exclusively aware to alive the environment in a conservative manner.
- Approval of Ample Land: Green environment does save our life through mighty air and requisite oxygen. So we need the sufficient space for Tree Plantation. That is why we need to approach to the Government to approve a minute space to organize this venture shortly.
- Environment Management: This subject must be included in all B-Schools so that, students shall have the massive scope to do their higher study in all over the globe not only for their rightist placement but to learn this subject as a hole.

III. CONCLUSION

G- Gorgeous
 R-Reformation
 E- Enlarged
 E-Escalating
 N- Nimble

As per this modified conception

- We have to fabricate the gorgeous environment for all, where everybody shall be contributing for the best social culmination.
- We shall have to come at front to reform this unblemished society absolutely neat and clean. So it shall be really inestimable in nature.
- This environment shall be evergreen and enlarged in volume. So that, it shall be a ubiquitous evidence.
- This social initiative shall have to have an absolute escalation to make it true and realistic for this regimented universe in a befitting manner.
- Each member of our society must be really nimble to participate in this most reputable venture and pay the voluminous effort to enrich the evergreen heaven, where the societal commitments shall be victorious like anything.
