DESCRIPTION: Great looking and performing Ben Pearson Pinto. No delamination; no cracks; limbs are straight. Double sided tip overlays. Tips are in very good condition. No stress lines or crazing. However, there are a number of professionally filled drill holes in the riser and face (see pics). A few chips, dings and blemishes here and there. or cracks. Limbs are mostly scratch free. Has a couple of inserts for a sight on the back of the bow (see pic) as well as the factory installed stabilizer insert. This is a really pretty bow, and a good shooter, but far from collector quality.
