## ANNOUNCEMENTS

- We are happy to announce that Ginny Wisley and Nancy Murnahan have teamed up to manage Ways and Means, and will be working on the Fashion Show we are hosting in October. Even though she was brand new to San Diego and to our Club, Sherri Siegwarth had courageously stepped forward to assume this position. But due to various personal circumstances, she has relinquished that role, and will continue with RWCNC as a member and learn more about our club before being in leadership. We thank her for her contributions!
- RWC Foothills is hosting Fashion Show on May 16th. See Events on page 2 for details.

## WAYS & MEANS

- Our April 9th Evening Event at St. Dunstan's Church was a huge success!
- Brett Winterble was outstanding speaker, his talk was filled with status of current issues, mixed with humor and "red meat" for us to chew on!
- We had about 135 in attendance, the room was vibrant with energized conservative women and men, we had Mexican food, vendors were present for us to shop, and we had opportunity to win \$100 cash! We've had so many accolades about how successful the evening was.
- Thank you to all who volunteered at this event, you are invaluable to our club!

## MEMBERSHIP—Wendy Wolfe

- Ladies - over the last few months, we had a member bring several friends to our monthly luncheon and, in the end, she helped us gain three new club members! We are now 124 members strong. Please consider bringing one of your own friends to our monthly meeting at the Brigantine and we'll look forward to meeting her and getting her on board with our remarkable group of committed women!
- If you are interested in a coffee or happy-hour date with new members, please let me know at [membershiprwcnc@gmail.com](mailto:membershiprwcnc@gmail.com). I'd appreciate the help as I'm rather new myself!

## CAMPAIGN PRECINCT—Waskah Whelan

It's very important that we are informed about what's happening at the Border and to be able to communicate the need for a wall. Call local legislators now! Hold their feet to the fire! Equally as important is for us to be aware of what Socialism is, its effects, and how we can counter the arguments for this type of government. The 2 articles below are important for us to read to be aware

## CHAPLAIN—Ginny Wisley

"God keep us safe from...the wicked who stalk us with lies,  
From the wicked who collect honors for their wonderful lies."

Psalm 12:8 (The Message)

I stumbled on this verse in a book I picked up at a garage sale. All I could think of is gee ain't that the truth! The left with the get rid of the buildings, cars, cows (what??), Mueller Report & look at what they get: the main headlines & breaking news. We who are of the respect to all & belief in the system, base our lives & country on God & family, we get... hmm not sure what. Remember that God will bring favor to those that believe & we are among them. Blessings & love to you my dear friends!

## It's Time to Speak Up!

Please make it your job to call your Congressman this week and ask them what they plan to do about the border wall and all the undocumented people pouring into San Diego County with no end in sight?

These elected officials need to hear from us...now.

If you are in Duncan Hunter's District you don't need to call him. Instead, call one of the Democrats listed. If you don't want to talk, then call after 5pm and leave your message.

We need a wall for many reasons...to stop:

- influx of illegal drugs, diseases
- Illegal immigrants from all over the world coming to San Diego with no place to live.
- abuse of children being used over and over to fake a family
- abuse of women being used as family members and to sell for the sex trade
- thousands of single young men with no jobs, no money, no skills, no English - how will they live? Where will they get money and food? Crime?
- over use of natural resources. We have a shortage of water...how will this make it better? How will these hundreds of thousands people coming into California improve climate change, take cars off the roads?
- shortage of housing, school classrooms and hospital beds
- wasting money on having to use the military to guard the border when for the same price, you could get us a wall and whatever else you think will work to fix the problem.

As my elected representative, I want you to work to fix this problem. Don't say a wall won't help and then do nothing. If you think something else needs to be done then do it! We are paying you to solve problems not have a fight over some political issue. If you want to engage in politics then do it at night or on weekends. During the day, you are supposed to be working to fix things. Sitting around doing nothing is not an option.

Use your own words, but call your representative! - see list below. Feel free to call more than one office. This is a BIG problem.
