

## Background & Business Activities

**P.Smith & Associates** is a strong consulting and marketing firm specializing in the delivery of service solutions to businesses through aggressive business strategies and processes. Together, with our customers, we design long-term strategies to achieve the most advantageous venture performances by creating dominative marketing campaigns. We work directly with your organization by weeding through present economic changes and create a plan that will allow your business or organization to grow.

Depending on your industry, our goal is to advance and enhance your present business. We work side by side with your organization through workshops and planning sessions that will move you to the next level in your respected industry. We are dedicated to executing strong business and marketing plans that work towards incorporating your ideas with an added touch of excellence and creativity.

Our client base spans market business industries such as: construction, used car dealership, restaurants, money-transfer, insurance agency, faith-based organizations, childcare industry, real estate, home-health care, power wash industry, and retail.

 P.Smith & Associates, Inc.

*"always part of the solution"*
