**COP28 in Dubai is so important!** Pope Francis tells us in Laudate Deum that, “Every time the global temperature increases by 0.5°C, the intensity and frequency of great rains and floods increase in some areas and severe droughts in others, extreme heat waves in some places and heavy snowfall in others. If up to now we could have heat waves several times a year, what will happen if the global temperature increases by 1.5°C, which we are approaching?” LD5

Let us pray,

*‘Dear God, as we give thanks for the beauty and wonder of creation, we pray that our leaders grasp the urgency expressed in the latest science. May they guide our economic systems to reject dependence on fossil fuels and may all countries work together to stabilize global temperature rise. Amen’*

**PANHANDLING POLICY:** Panhandling is NOT permitted on private Church property. If someone is panhandling they must be on the sidewalk, which is public property. Should you see anyone soliciting on Church steps please notify Charlie Farrell at the back of the Church. Thank you.

## Understanding Laudato Si'

Laudato Si is a letter from Pope Francis that he writes to everyone on the planet, urging all of us to protect the earth, our common home. In his wisdom, Pope Francis suggests that human life is grounded in three important and intertwined (entangled) relationships:

*with God - with our neighbour - with the earth itself*

A young Franciscan Friar, Daniel Horan, has taken it upon himself to help us all better understand Laudato Si. Please plan to join us on **Thursday, November 16<sup>th</sup> at 6:30 p.m.** as we gather together at **St. Bernard's Church Hall (basement)** to watch Part 1 of Friar Daniel's series, 'Understanding Laudato Si'. This is a short 20-minute video that we can all watch, and then discuss, together.

## Together, let's support the communities of Guapinol and San Pedro in Honduras!

Development and Peace — Caritas Canada is responding to the call from our partner ER-IC—Radio Progreso to raise awareness of the tragic plight of the communities of Guapinol and the San Pedro sector. We stand with them as they defend their right to water for survival and struggle to obtain:

- Justice
- Reparations and protection
- The cancellation of irregularly granted mining permits
- The restoration of their national park

**"It is urgent to cancel all mining in this area of our park. All the damage caused to our rivers and mountains must be repaired."**

— Daniel Márquez, Guapinol defender and former political prisoner

Let's ask the Honduran government to better protect environmental and human rights defenders and to act for justice. Stand in solidarity. Sign the letter to the Honduran ambassador at [devp.org/act](http://devp.org/act).
