Melissa Jean Boutique, located at 108 Main Street in downtown Oswego (630/636-7284), is the delightful realization of its owner to have a store in addition to her complete online website which she created in 2015. The store opened on Thursday June 28, and new merchandise is arriving daily. Her love for fashion and shopping have combined together in the perfect place to feature the newest styles and trends for shopping with the added personal attention of Melissa Jean who is always attired in something from the store.

Her vision is to make women of all sizes look great! She is on hand to help determine which styles would be best for each. Inventory from casual to semi-formal is available, from extra small to 3x; the same style might be available in several different sizes but in limited quantities.

Family owned and operated, the store reflects the personality of Melissa Jean, an Oswego resident herself with her family. It is small, quaint and exceptionally friendly, well lit and beautifully decorated with comfy furniture and a variety of clothing racks and cubbies which display product in a spacious manner.

(such as Camos, Camouflage, Shorts and Loungers), Vests, Blazers, Denim and Leather Jackets, Jewelry, Scarves and Hats (which she loves) Handbags and items from the Alyssa Collection.

Sale items are on a separate rack.
