

We Are All Kentucky

Lissette Johnson

My name is Lissette. I am an **employee** and a **volunteer**. I am a very **important part of my community**. My hard work has helped me to get a **job** at McDonalds where I get to help people. I really like working and my co-workers notice that I give it my all.

I contribute to my community by working. I also **volunteer** at a nursing home and at church. I really like helping people. I have a very active role in my church. I am an Assistant in the Children's Church and I help with our Vacation Bible School each year.

"I like working-it keeps me busy and it feels good to help people. I bring good things to my community."
