THE HOLY OF HOLIES TRUE GEOMETRIC LOCATION AT THE DOME OF THE TABLETS

If the Kerry Peace Initiative that is to formulate at some point in time will formalize the relationship between the Palestinians and the State of Israel, then the mutual recognition of the 2-State If the Kerry Peace Initiative that is to formulate at some point in time will formalize the relationship between the Palestinians and the State of Israel, then the mutual recognition of the 2-State 'solution' to the Muslim-Jewish Conflict might well stipulate that part of the agreement will be to allow for the rebuilding of the Temple of GOD. Based on sacred geometry and ley-lines, the Dome of the Rock does not need to be dismantled or altered in any form. The real location of the Holy of Holies is pinpointed by this illustration as being at the place of the Dome of the Tablets or Spirits. This chart illustrates that mathematically, the Temple Mount Platform is in an approximation to the phi ratio proportions from the Dome of the Tablets (Spirits), to the Dome of the Rock, to the Al Aqsa start of the building. Moreover, the Temple Mount Platform 3 main structures mirrors the actual 3 articles contained within the Ark of the Covenant Moses was instructed by the LORD GOD YHWH to contain the copy of the 10 Commandments or 'tablets', the jar of Mana, and the staff of Aaron that budded. If a comparison to each is made, all the 3 items correlate to the 3 structures as the illustration will show. If indeed the Holy of Holies corresponds to the Dome of the Tables (Spirits) there will be enough room to accommodate the 3rd Temple that might be part of the final and formal mutual recognition of the Palestinian and Israeli States. The year 2014 is the 66th anniversary of Israel's independence.

DOME OF TABLETS (SPIRITS)

It is rather interesting that the Dome of the Tablets could very well correlate to the Holy of Holies as this specific place contained the Ark of the Covenant that in turn contained the Tablets of the Law of YHWH. The Shekhinah Glory that was above the Mercy Seat transcended space and time at this place on Earth. The dimensions of the Heavenly to the Earthy were beheld

ARK OF COVENANT TYPE OF TEMPLE MOUNT PLATFORM

The dimensions of the Ark of the Covenant approximates the dimensions of the Temple Mount Platform with an overlay of the phi ratio spiral. When the phi ratio spiral is overlaid, the center point directly correlates to the Dome of the Spirit or also known as the Dome of the Tablets, alluding to the Tablets of Moses, the 10 Commandments. If this typology is consistent, then the 3 main articles contained within the Ark of the Covenant, directly relate to the 3 main structures on the Platform.

Staff of Aaron

Although the exact and correct location of the prior Temples of Solomon and Herod are in general dispute, those that seek the New World Order and those 'Masons' that seek to build a Temple to their 'Prince', the Luciferians know exactly where the 3rd Temple is to be built. No amount of Muslim protest will prevent 'time' and sacred geometry from fulfilling the prophetic time-clock of the Temple Mount. The 3rd Temple will be built, with or without Islamic protest. Realize that the Jerusalem Waqf only has deferred legitimacy given by the Prime Minister of Israel. Israel has total sovereignty over the entire Temple Mount since the 1967 Six-Day War.

Conceptual arrangement by Ron Wyatt 52×31×31 inches

Thus saith YHWH,

'The Heaven is my Throne, and the Earth is my footstool: where is the House that ye build unto me? and where is the place of My Rest?'

MESSIAH - JESUS A TYPE OF THE ARK

1) TABLETS = LAW (DEATH)

'Do not think that I have come to abolish the Law or the Prophets; I have not come to abolish them but to fulfill them.' - Matthew 5:17

2) MANNA = BREAD (LIFE)

'I am the Bread of Life; whoever comes to Me shall not hunger, and whoever believes in Me shall never thirst.' - John 6:35

3) STAFF = RESURRECTION (LIFE)

John 11:25

MATHEMATICAL CONCEPT

'In mathematics, two quantities are in the golden ratio if their ratio is the same as the ratio of their sum to the larger of the two quantities. The figure on the right illustrates the geometric relationship

 $\Phi = 1.61$
