City: Collinsville State: IL Zip: 62234 County: Madison

Contact Person: Kathy Hoelscher Title: Office Manager

E-mail: colltwp@aol.com Phone: 618-344-0013 Fax: 618-343-1347

Billing Address (If different from mailing address): _____

City: _____ State: _____ Zip: _____

IRS Federal Employer Identification Number (FEIN) (if applicable): 37 - 6001401

New Permit Renewal for ILG87 0501 Change of information for ILG87

Pesticide Use Patterns (Check all that apply):

Mosquitoes and Other Insect Pest Control Weed and Algae Pest Control
 Animal Pest Control Forested Areas Pest Control
 Other Pest Control Activities: Spraying weeds

Annual Treatment Area Thresholds (Check One):

Total application area anticipated to be under the annual treatment area thresholds, as identified in the general NPDES permit.
 Total application area anticipated to exceed one or more of the annual treatment area thresholds, as identified in the general NPDES permit.

Are you a small entity as defined below? Yes No

Any (1) public entity that serves a population of 10,000 or less, (2) a person(s) applying pesticides on private property where they or any member of their immediate family reside or property that they own or lease, or (3) a private enterprise that does not exceed the Small Business Administration size standard as identified at:
<http://www.sba.gov/category/navigation-structure/contracting/contracting-officials/eligibility-size-standards>.

Are you conducting pesticide application activities pursuant to the Vector Control Act (410 ILCS 95) which are funded by, conducted in accordance with, or under the supervision of the Illinois Department of Public Health or an associated municipal, county or regional department of public health or public health district? Yes No

Are you applying pesticides on private property where you or any member of your immediate family reside or on property that you own or lease? This does not include commercial property which may be privately owned but used for commercial business purposes other than farming. Yes No

If required, has a copy of Pesticide Discharge Management Plan (PDMP) been submitted to the Agency? Submit PDMP electronically to: epa.ILG87pestpdmp@illinois.gov Yes No Not Applicable

Information required by this form must be provided to comply with 415 ILCS 5/39. Failure to do so may prevent this form from being processed and could result in your application being denied.

PEST MANAGEMENT AREA (Add additional pages if necessary)

For each use pattern checked on page 1, complete the following:

Use Pattern: Mosquitoes and Other Insect Pests Aquatic Nuisance Animals Weeds and Algae
 Forested Area Pests Other Pesticide Uses

Pest Management Area # 1 of 1

1. Pest Management Area Name: Collinsville Township

Check One

- Map provided of location of pesticide application for this use (attach map).
- Pest Management Area description: _____
- Seeking coverage for the entire State.
- List counties where pesticide application will occur: Madison

2. Receiving Waters (Check One):

- Coverage requested for all waters of the State within the Pest Management Area identified above
- Coverage requested for all waters of the State within the Pest Management Area identified above except for: _____
- Coverage requested specifically for the following waters of the State within the Pest Management Area identified above: Canteen Creek, Cahokia Canal, Snyder Branch, Judy Branch & Keller Ditch

ENDANGERED SPECIES COMPLIANCE

Have the treatment areas been submitted to the Illinois Department of Natural Resources (IDNR) to satisfy applicable requirements for compliance with the Illinois Endangered Species Protection Act, for listed species and protected natural areas:

Yes No Not Applicable (Application is an exempt activity)

Exempt Activities (Check all that apply):

- Annual, routine cultivation of existing agricultural lands; and maintenance of existing lawns, yards and ornamental plantings.
- Microbial larvicides applied to catch basins and storm sewers.
- Pesticides applied to artificial impoundments under 10 acres.
- Pesticide applications within maintained road rights-of-way that adjoin land used for agricultural or urban purposes, **except** those portions of the right-of-way adjacent to borrow pits, railroads, streams, wetlands, lakes, or other natural areas or open space. Right-of-way's adjacent to a designated Nature Preserve or registered Land and Water Reserve are **not** exempt from review.

WATER QUALITY IMPAIRED WATERS

Operators are not eligible under this permit for any discharges from a pesticide application to waters of the State if the waters are identified as impaired by a substance which is either an active ingredient in the pesticide designated for use or is a degradate of such an active ingredient. See Part 1.1.2.1 of the Permit.

Check One

- Waters are NOT impaired by any substance which is either an active ingredient in the pesticide to be discharged or a degradate of such an active ingredient.
- Waters are on a current state list as being impaired by a substance which is either an active ingredient in the pesticide to be discharged or a degradate of such an active ingredient; however, evidence is attached documenting that the waters are no longer impaired.

CERTIFICATION

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. On the basis of my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. I certify that the provisions of the permit will be complied with.

Signature of Responsible Official: Larry Trucano Date: 3/4/2016

Title: Commissioner

Printed Name: Larry Trucano

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony. (415 ILCS 5/44(h))

Submit completed form to: epa.ILG87pestNOI-NOT@illinois.gov

Or mail completed form to: Illinois Environmental Protection Agency
Division of Water Pollution Control
Attn: Permit Section
P.O. Box 19276
Springfield, Illinois 62794-9276

INSTRUCTIONS FOR COMPLETION OF THE NOTICE OF INTENT FORM

Electronic copies should be followed-up with submission of an original signature copy as soon as possible. Please write "copy" in the lower left hand corner of page 1. This fillable form may be completed online, a copy saved locally, printed, and signed before it is submitted to:

Submit completed form electronically to: epa.ILG87pestNOI-NOT@illinois.gov

Or mail completed form to: Illinois Environmental Protection Agency
Division of Water Pollution Control
Attn: Permit Section
P.O. Box 19276
Springfield, Illinois 62794-9276

NOIs must be typed or printed legibly and signed. Original signature must be submitted to the Agency.

Any operator who is not presently covered by the General NPDES Permit for Pesticide Application Point Source Discharges is considered a new operator.

If this is a change in your application information or renewal, etc., please fill in your NPDES permit number on the appropriate line. When selecting a change in information, fill out all of the fields on the NOI that need to be modified. Changes of information or permit renewal notifications do not require an application fee.

Note: If the operator mailing address is not where the permit records will be located, the application should note where records will be located.

For all pesticide application use patterns checked on page 1, please fill out a separate page 2 for each pesticide application use pattern.

Documentation is not required to be submitted for Endangered Species Compliance. These records should be kept in accordance with Section 7.1 of the permit. The Endangered Species Consultation does not have to be completed prior to submitting your NOI, but consultation with IDNR must be completed prior to pesticide application.

The location of the treatment areas must be submitted to the IDNR EcoCAT website to determine if protected natural resources are in the vicinity, www.dnrecocat.state.il.us/ecopublic/. Consultation with the Department is required under the Illinois Endangered Species Protection Act, 520 ILCS 10/11(b) and the Illinois Natural Areas Preservation Act, 525 ILCS 30/17, for all permittees unless exempted per IDNR regulations or the Memorandum of Understanding between IDNR and IEPA.

Instructions on how to use EcoCAT are located on the home page of the IDNR website, at <http://www.dnrecocat.state.il.us/ecopublic/>. You should submit a treatment area location at least 30 days before pesticide application. If no protected resources are in the vicinity, EcoCAT will terminate the consultation immediately. If resources are identified by EcoCAT, IDNR staff will review the location and either terminate consultation as unlikely to have an adverse impact, or recommend measures to avoid or minimize potential adverse impact. Note: In the project description entered into EcoCAT, include the type of pesticide being used and the method of application.

An EcoCAT report that terminates consultation for this project or a letter from IDNR that terminates consultation for this project must be available upon request. If protective measures for listed species or natural areas are recommended by IDNR, documentation that you have incorporated those measures into your treatment process should also be available upon request.

Currently there is no annual fee associated with this NPDES permit. If at a later date an annual fee is instituted, submission of the initial fee is required prior to the Notice of Intent being considered complete for coverage by the ILG87 General Permit. Please make checks payable to: Illinois EPA at the address above.

For the first year of the permit, the PDMP must be submitted 90-days after coverage under the General Permit. After October 31, 2012, the PDMP must be submitted with the NOI for the application to be considered complete for coverage under the General Permit. The PDMP should be submitted electronically to: epa.ILG87pestpdmp@illinois.gov. The PDMP must be submitted in a PDF format.
