

Since 2016, Cops have Killed 3 Times as Many Citizens Than 4 Decades of Mass Shootings COMBINED

As Hillary Clinton calls for repealing the second amendment, this behind the scenes deep state puppet master epitomizes what those in favor of gun control really want — only the government can have guns. Every time a lunatic, who is usually on some form mind-altering pharmaceutical, goes on a shooting rampage, the do-gooders in Washington, with the aid of their citizen flocks, take to the TV and the internet to call for disarming the American people.

The citizens who call for themselves and their neighbors to be disarmed, likely think no deeper than the shallow speeches given by the political blowhards, designed to appeal to emotion only. They do not think of what happens during and after the government attempts to remove guns from society. They also completely ignore the fact that criminals do not obey laws and making guns illegal would have zero effect on criminals possessing guns.
