

Cathy Matthews

Cathy moved to Raleigh from Florida in 1976 to become a learning disabilities teacher in WCPSS. That position led to her involvement with Project Enlightenment. After nearly eight years of teaching, she chose a different career path. In 1991, Cathy began her practice as a psychologist working with children and adolescents. In March 2020 she retired and now devotes her full time to her husband of 44 years and to her four grandchildren.

Cathy joined the Foundation Board on 5-1-22.
