WV High Performance School Buildings Day is next week.

Workshop on Sept 12 (Charleston) and Sept 13 (Fairmont) will cover Zero Energy School Design and Operation. A key focus is the NEW ASHRAE Zero Energy K-12 Advanced Energy Design Guide and how other districts across the US are doing it today.
Truly High Performance Schools

Learn what zero energy or zero ready schools require. They are different than traditional ones. We are now seeing them in WV. Attend to learn more. Workshop is six hours of continuing ed. (ASHRAE, AIA).
