

ABA Therapist

Vanceburg, KY, Chillicothe, OH and Portsmouth, Ohio

Part-time

Salary: \$15.00-\$18.00 /hour

We have the perfect opportunity for you to join our team! We're currently seeking candidates for the position of ABA therapist who are eager, outgoing, and passionate about making a difference through teaching young children. The primary goal of SpectrumCare, LLC. is to provide high quality services to children with ASD and other developmental disabilities, and help them to reach their full potential through ABA (applied behavior analysis) therapy. With this position, you'll be working closely with families in in-home and outpatient settings implementing programs established by a Board-Certified Behavior Analyst.

What we offer:

- Flexible hours
- 40 hours of professional development training in Applied Behavior Analysis (ABA)
- Opportunities to grow within the field of Applied Behavior Analysis

Requirements:

- Pursuing or holding a Bachelor's degree in Education, ABA, or a related field; or pursuing or holding an Associate degree in the Occupational Therapy Assistant program or Early Childhood Education
- Ability to demonstrate excellent written and verbal communication skills
- Personal means of transportation with a reliable, insured, vehicle, and proof of driver's license
- Excellent time management skills
- Desire to be involved in a collaborative team of professionals with the drive to achieve positive outcomes
- Ability to multitask
- At ease working with children with developmental disabilities
- Availability during day and evening hours

License and/or certifications:

- A Driver's license, and a reliable, insured vehicle
- Current CPR certification

Physical requirements: The ability to safely lift up to 30lbs., and ability to safely transfer from a ground level sitting position to standing

Pre-employment requirements: BCI background check, TB test, writing sample, performance test and evaluation.

Job Type: part time (must available 9am-2pm at least three days per week)

Required education: Bachelor's (preferred)

Required experience: 1 year Working with children with ASD or developmental disabilities, ages 3 years-10 years of age (preferred)
