Sake by Bottle

MIO Sparkling Sake 300ml MIO entices you with its unique, sweet aroma and refreshing, fruity flavour. Crafted in the traditional brewing style, with rice, water and koji.	Nada	37
NV Houraisen 'Beshi' Tokubetsu 300ml Houraisen established in 1864 has some of the softest water in Japan, and produces a very soft & pretty style of sake.	Aichi	46
NV Amanoto Junmai Ginjo 300ml The smallest producer of the 47 breweries in Akita, they make only Junmai sake and do not filter any of their sakes. Akita region typically shows a fresh steamed rice character.	Akita	58
NV Tengumai Yamahai Jikomi Junmai 300ml Established in 1823 in beautiful pastoral lands surrounded by mountains that provide the pure local water. Ishikawa prefecture is known for it's complex sake style. This is made in a traditional method known as 'Yamahai' which produces a complex umamai character to the sake.	Ishikawa	44
Kenbishi 'Kuromatsu' – Honjozo 180ml The oldest sake brand dating back to 1505. Notes of cream brulee, cocoa, maple syrup and nougat, medium dry and viscous texture. <i>Recommended warm. (Please allow 6 mins for preparation)</i>	Hyogo	29

<p>White Oak Akashi Eigashima Blended Shuzo ABV 40% 15</p> <p><i>Vanilla, caramel, honey & spice. Flavours of apricot, dry fruits, herbs & spice</i></p> <p>A blended whisky from the White Oak distillery, originally a sake distillery. Made in the scotch tradition. Lightly peated malt, vatted in mostly ex bourbon cask and balanced by White Oaks unique variety of barrels.</p>	<p>Hakushu Distillers 'Reserve Single Malt' ABV 43.5% 16</p> <p><i>Grassy & fruity aromas combine with malty-vanilla notes. Medium weighted with biscuity vanilla flavours balanced with gentle malt spice.</i></p> <p>A single malt whisky set amongst the high elevation of the Japanese Alps. Imported malt, local regional ultra-pure water & low pressure distilling produce this delicious whisky.</p>	<p>Nikka 'All Malt' ABV 40% 18</p> <p><i>A plush palate of dark chocolate cake, candied orange peel and sweet spice, enlivened by a mild peppery backnote</i></p> <p>A fascinating whisky made with Yoichi, Miyagikyo and some 'grain' whisky that isn't really grain – it's malt whisky made in a Coffey still at Miyagikyo! This is really a vatted malt, or 'blended malt whisky', as we're supposed to call it these days.</p>	<p>Suginishiki Shochu – 13YO Oak Cask ABV 43% 19</p> <p><i>The taste created inside the barrel is a mysterious thing that cannot be easily replicated by artificial aromas or other means. Must be tried to experience!</i></p> <p>Ordinarily Japan's traditional rice spirit, shochu, is not barrel aged, but when Sugii-san started making it in 2000 he became fascinated with the way barrel ageing of another distilled drink, whisky, results in rich aromas.</p>	<p>Shinshu Mars 'Iwai Tradition' ABV 40% 19</p> <p><i>Aromas of ginger cookie, rice pudding & vanilla. Palate displays notes of biscuit, cinnamon & vanilla finishing with crisp smoke characters.</i></p> <p>Produced at high altitude on Kyushu Island, the Iwai Tradition is a blended whisky of malt and grain and is distilled only during the island's harsh winters.</p>	<p>Hibiki 'Japanese Harmony Master's Select' ABV 43% 29</p> <p><i>Resinous, woody aromatics followed by cocoa, dates and oak shavings. Medium weight of dried fruits, hazelnut and wood spice.</i></p> <p>A blended whisky of ten or more malt & grain whiskies, aged in five different casks from the Yamazaki, Hakushu and Chita Distilleries.</p>	<p>Yamazaki 'Distillers Reserve' ABV 43% 22</p> <p><i>On the palate you'll find coffee and chocolate with a hint of smoke.</i></p> <p>A fantastic Japanese malt and one of the best currently produced bearing the Takesuru name. Crafted using malt matured in sherry casks which gives the whisky a rich spiced nose of sherry soaked plums and raisins.</p>	<p>Kirin 'Oak Master' ABV 43% 25</p> <p><i>Well balanced with notes of earthy oak, rich malt. Clean & crisp on the finish</i></p> <p>A no age statement blended whisky rarely available outside Japan. Matured in oak and internally scorched by flame, flavouring the whisky with fragrant char like character.</p>	<p>Kurayoshi '8 year old Pure Malt' ABV 43% 25</p> <p><i>Orange marmalade, prunes and vanilla on the nose. Palate is viscous and sweet with hints of brown sugar, malt & wood.</i></p> <p>Produced at Matsui distillery, a 100% malted barley whisky, source from distilleries around Scotland, Aged 8 years in White Oak ex-bourbon barrels.</p>	<p>Kirin 'San Roku' ABV 50% 34</p> <p><i>Huge dollops of caramel, honey and vanilla are immediate and pronounced. Biscuits, baking notes are supported by black tea and earthy hints.</i></p> <p>Fuji Gotemba, located in the city of Gotemba at the base of Mount Fuji, Chief Blender Jota Tanaka has favoured the medium and heavier grains along, of course with malts, to create the Fuji Sanroku 50. It is the first permanently available entry-level Japanese blended whisky which is not chill filtered.</p>	<p>Kirin Fuji-Gotemba 'Kunpu' ABV 40% 35</p> <p><i>Honey, toffee & fudge on the nose. Palate shows hints of oak, cereal, malt & toffee.</i></p> <p>The Fuji-Gotemba distillery stands at the foot of Mt Fuji. Founded in 1970 with production beginning in 1973. In 2003 Kirin purchased the mammoth distillery.</p>	<p>Hibiki LIMITED EDITION 'Japanese Harmony Master's Select' ABV 43% 37</p> <p><i>Plum, syrup, roses and sweet wood aromatics followed by sweetness, subtle spices and wood. Medium weight of orange marmalade, dark chocolate and a slight bitterness.</i></p> <p>A blended whisky of ten or more malt & grain whiskies, aged in different casks from the Yamazaki, Hakushu and Chita Distilleries.</p>

WINE GUIDE

(S) Sustainable - otherwise known as Lutte Raisonnee in French (the reasoned struggle) is a farming practice whereby farmers first and foremost will use all methods possible to save crops before using chemical treatments, most often excellent producers who farm in marginal areas that have high disease pressure.

(O) Organic - is the growing of grapes without the use of synthetic chemical sprays.

(B) Biodynamic - builds on organic viticulture, it is philosophy based, combining the maintenance of sustainable soil fertility and the recognition of the link between plant growth and the rhythms of the cosmos. Biodynamics relies on a series of preparations based in mineral, plant and animal substances rather than the traditional potentially toxic chemicals and sprays.

(N) Natural - refers to a wine making philosophy that builds on organic or biodynamic farming practices. Wines are made without additions of any kind (other than small amounts of SO2 in some cases) and yeasts are wild rather than commercially made. In most cases the wine makers will endeavour to use grapes grown in an organic/biodynamic method
