

Radiating Pain

Testimonial

Patient: Gordon (Last name not given for privacy)
Sex: Male
Age: 78

Gordon has lost the use of his right arm and went in to see his MD. It was noted that he had severe Degenerative Joint Disease. At this time he decided to try Chiropractic. After regaining the use of his arm from the chiropractic treatments, Gordon decided to leave chiropractic, because he was feeling better. Gordon had a relapse, and this time after he was able to regain the use of his arm, he became a Chiropractic patient for life!

“I have been feeling the best I’ve felt in a long time, my back and neck are adjusted, and I always feel much better afterward. Dr. Tom did a very good adjustment and I look forward to seeing him. I would refer him any time.”
