LOVE WHERE YOU LIVE !!

## PRESIDENT'S MESSAGE BY BILL ROBERTS

First, I'd like to give a huge thank you to our community members who responded to the call for help from our neighbors in the Ft. Myers area devastated by Hurricane Ian. We had four caravans organized by residents and members to take relief supplies collected from the community of Hernando Beach. We heard firsthand from them what the conditions were like when they shared photos and short personal testimony from survivors – emotionally draining for all to see such suffering and destruction of daily lives and loss of life.

Second, are you prepared for the next hurricane? What will make you decide to stay and what will make you evacuate? Where will you go? Do you know where the shelters are in Hernando County? These are the kinds of questions you need answer before the “critical time point”, (too late to leave and too dangerous to stay). The number of sources to help us make that decision on TV, online, radio and print are increasing. We can get over-informed with reports. There is so much information to help guide us but it can also make us timid to make a decision till we pass the critical time point.

As we say in aviation – the best place to plan is at ground speed ZERO. Collect your sources of information and support before the hurricane hits or threatens to hit. Then build your game plan: what to do to safeguard your property, what to take with you, where will you go, how long will you stay gone? So, before the next hurricane is spotted off the coast of Africa, build your plan, make your decision points and be prepared to execute the plan to stay safe and alive.

On the lighter side, our own resident artist Linda Tartaglione completed the HBPOA grant from the Hernando County Fine Arts Council. The membership was invited to the unveiling. Gordon Wolf and Kenny Lewis hosted at 4545 Shoal Line Blvd at 1pm on 7 October. We had a great turnout

**2022 UF/IFAS Coastal Cleanup.** A big shout out to our HBPOA membership for their sponsorship and participation. I want to share with you the results of this successful event. Overall, there were **266 volunteers** who participated in the coastal cleanup. The UF/IAS ordered 175 t-shirts to give out and they were all gone by 8:30am! The trash sorting station not only logged the types and amount of trash, but also weighed the debris this year. We estimated that **900 pounds of trash** and **140 pounds of recycling** was collected between Bayport and Aripeka (**1,040 pounds** in trash total).

*Note: This tally does remove the small pieces of unidentifiable paper (n=652), foam (n=440), and plastic (n=654) from the list above. Cigarette butts are typically our number one item each year but fell to number three this year (for reference – 1509 butts were tallied last year).*

Member Survey - The HBPOA Board decided to have a discussion about the Preserve with the members at a meeting and take their input to the BOCC. I closed the discussion because we'll never have enough members in attendance to accurately capture a consensus.

Lots of emotion out there regarding the Preserve and justifiably so however, much of it is purposely directed at the HBPOA as a foil because some think people need to focus their anger on something as the cause of what is happening to the Preserve. I heard it again - "it all started when you had the 2016 Roundtable". Many do not know that all the proposals have been heard before and are part of the county record since 2014/2015 and maybe even before that. But now the BOCC is willing to spend the time and money to bring the concepts to fruition.

The purpose of the survey is to capture HBPOA member's only opinion/position on pro-

posed small-scale development of the Preserve or to choose NO development or just a little bit, it's a free country you can make an informed decision. Many of our members feel that they did not have an opportunity other than the county sponsored surveys to have their voice heard. HBPOA captured empirical data, simple pie charts. The number of yes and no, for or against and anonymous comments as a service to our members. HBPOA has only about 180 households - a small piece of HB and truly not representative of the entire community and I would never state that it was. So, no Association position but HBPOA wants to enable its members to be heard above the din of "it's your fault" and let the numbers speak for themselves. See you November 3<sup>rd</sup> at our next meeting.

Love where you live – Bill Roberts

**7:15pm Guess Speaker.**

Kathy Birren and Monty Floyd provided the mem-  
bership with a presentation of what they saw and  
experienced when they delivered community re-  
lief supplies to Hurricane Ian survivors. Kathy's  
phone number was provided to members who  
wanted to donate to the cause.

Kathy and Monty were emphatic about the condi-  
tions they saw and wanted to share some details  
about our waterfront communities and what hap-  
pened with Hurricane Ian.

Hurricane season runs June 2-November 30.  
Mid-August to mid-October is the height of the  
hurricane season. Ft. Myers was hit with 155  
mph winds but gusts were up to 195 mph. The  
storm surge was horrible, about 17' high.

Be prepared. Many HB residents thought  
they would ride it out.

Did you know there are 14 shelters in Hernan-  
do County? Be prepared to leave. Your life is  
worth more than staying here to see if you get  
water in your house.

Beach Life Calendars are at the printers who are a little behind due to paper shipping issues/Hurricane Ian.

Diane Ziemski talked about the upcoming HBPOA Christmas Party. The location is Brian's, the date is 6 December, 5:30pm, reservations required, it'll be \$10.00 per person. More information to follow. Motion: to spend up to \$1000 for Christmas party set up, gift baskets and cupcakes by Patty Roberts, second: Denis Polyn, majority voice vote approved. One dissension. This vote was followed by another motion by Diane Liptak to donate \$500 to Hurricane Ian Relief efforts, second by Scott Fitzgerald. Voice vote – passed.

Landscape Committee: Bill Roberts reported he kept his donated receipts over the past year and calculated his time value and all the volunteers it takes to manage care of the Triangle and Dolphin Fountain. He determined that the expense in time, trans-

portation, materials is about \$860 per year. We have an agreement with SunCoast Turf Management to take care of the spraying and feeding of the sites for the price of a ½ page black and white ad in the Beachcomber and recognition on our website and meta.

GAC report: Government affairs committee: Scott Fitzgerald. The Garrison PIW date fubar was discussed. We'll try again and we have until 31 October. Regarding the Reeve's litigation – October 12<sup>th</sup> will be a hearing for an addendum to the original.

### **8:30 New Business**

November is elections month for the next board and directors. First, the nomination committee calls the membership and incumbents to see who will stay in position. Second, the floor is opened at the October meeting to see if any volunteers want to run for election. If

## **HOSPITALITY COMMITTEE**

Hello Hernando Beach,

Summer is finally behind us and we are well into the Autumn Season, a season of pumpkins, colorful foliage, and turkey. Life changes here in Hernando Beach when Mother Nature lowers the temperatures below 90 degrees. This allows us to do more alfresco dining at our local restaurants which, by the way, have beautiful water views which we all crave and are so fortunate to have in our community.

Hurricane Season ends this month and we will all be counting our blessings that Hernando Beach escaped the ravages of Ian... It was so gratifying to see Hernando Beach companies and residents head to Southwest Florida with much love, compassion, and needed supplies for those affected by Ian. Hopefully by the time you read this we will have just had some lovely rains without tropical or hurricane force winds.

We are all beginning to think of the Holiday Season ahead. Thanksgiving brings thoughts of "giving" to those less fortunate than ourselves through many nonprofit organizations in our area. If you have not experienced the joy of volunteering during the Holiday Season, why not contact one of the many local organizations and churches and ask "How may I help?"

The Hernando Beach Property Owners Association (HBPOA) is looking forward to hosting an annual Christmas Dinner for its members. Watch your email for a reservation form. Please be cognizant of the deadline on the form so your Hospitality Team and the vendor has time to prepare to make this a lovely event for you. By the way, if you have not thought of joining HBPOA, why not check the website ([www.hernandobeachpoa.com](http://www.hernandobeachpoa.com)) and consider becoming an integral part of the community in which you live.

# Chase N Tails Fishing Charters

Capt. Josh Fritz 352-345-9304 Hernando Beach FL

## OCTOBER FISHING REPORT

Fall is in the air and the water temperature is dropping. This will make for excellent gag grouper fishing from now until the end of December. Gag grouper can be caught in all depths of water; 6 to 40 feet will be the target depths right now. Live and dead baits work for grouper. I'm a live bait and lure guy myself. Casting plugs for shallow water grouper is probably the best. In my opinion, seeing big gags eat a plug or sky bust a tuna popper is just unbelievably awesome! Try not to run your spots over especially in shallow water under 20 feet. They can get spooky when driving over a rock or ledge.

Live baits for my trips are pilchards and pin fish, rigged on a 60-80-pound leader and 6/0-8/0 circle hook. For lures, nothing is better than the Rapala fmag 18 floating plugs. All colors work great.

– Captain Josh Fritz

Capt. Joshua Fritz is a Native Floridian fishing the local waters of the Gulf Of Mexico, Capt. Josh is a 25 ton licensed and fully insured guide. Capt. Josh knows these waters inside and out with over 25 years of boating knowledge. Capt. Josh is very well know in the fishing world and is professional and friendly, come aboard with Capt. Josh and lets catch some fish.

## USCG FLOAT PLAN

### Rescue is faster when you use the USCG Float Plan.

Whether you are a power boater or kayaker, the USCG Float Plan works for you. Set up a basic plan ahead of time and save it on your computer. Update it when you decide where and when you're going to go. Then, e-mail your completed plan to whoever you choose to follow up should you not return or check-in as planned.

Features and capabilities you'll find in this version of the float plan:

- Save and send using any device with Adobe Acrobat Reader installed.
- Can be used with any size or type of recreational vessel.
- Accommodates up to 13 canoers/kayakers/paddle boarders that want to paddle together as a group.
- User defined fields provide increased flexibility.
- The ability to enter the unique identification

numbers for the vessel's EPIRB and Personal Locator Beacons (PLBs) attached to individual PFDs.

- Drop down lists that let you easily see all of your choices.
- Accommodates up to 12 passengers.
- Identify up to 21 waypoints.
- Exclusive Boating Emergency Guide™ assists the person holding your plan with starting the Search And Rescue process.
- 100% digital means it's easy on the environment.
- The float plan and the data you enter is stored on your computer or mobile device under your control.
- It's FREE. From the experts in boating safety, the U.S. Coast Guard and U.S. Coast Guard Auxiliary.

Saving lives is what the float plan is all about. Create a float plan before your next voyage.
