

Nobel Time: Barry James Marshall Lectures at the Fifth Affiliated Hospital of Zhengzhou University

At the moment of the centennial anniversary of the Fifth Affiliated Hospital of Zhengzhou University, we sincerely invite Barry James Marshall, winner of Nobel Prize in Physiology or Medicine 2005, to our hospital for academic exchange on August 24, 2015. Professor Marshall will give an excellent and in-depth speech to reveal the real connotation of Nobel Prize for our medical care personnel.

Barry James Marshall, an Australian scientist, won the Nobel Prize in Physiology or Medicine 2005 for the discovery of bacterium *Helicobacter pylori* (Hp) and its decisive effects on the Gastritis and Peptic Ulcers. He became a foreign academician of Chinese Academy of Engineering in 2011.
