

How to Measure Your Place

- 1) Start measuring from the corner shown in the drawin.
- 2) Measure total length of all walls corner to corner.
- 3) Indicate the location and sizes of the doors and windows. Include individual corner to window/door sill dimensions.
- 4) Indicate door swings and location of the electrical plugs and the center line of sink. Include waterline and floor drain location.
- 5) Confirm the room height and location of drop ceiling and bulk heads.
- 6) Indicate appliance locations and sizes on the chart below
