### "The Greatest Generation" And The Cultural War

Tom Brokaw

Tom Brokaw, the anchor man for the NBC Nightly News, wrote a book entitled *The Greatest Generation*. That book depicts the generation which went through the great depression and fought World War II. In our opinion here at Christian Crusade for Truth, who are of that generation, Mr. Brokaw's title is a great stretching of the truth!

It is true that the first half of this century was a monumental time in history. It was a monumental time because the world was made safe for Communism and the World Zionist Utopia, popularly known as the [United Nations](#). Tom Brokaw's book can best be described as a surreptitious award given to the American generations of this century. It was the United States that made it happen and this issue will show how it was done.

The men and women of this century shouldn't be forced to take all of the blame! The readers of the *Intelligence Newsletter* should know that this great shift in the culture of Western European people (including the United States) has taken place over many years. We should also know that our forefathers had no way of knowing the full implications of what was then happening. So the major fault is with the modern generations and we will see that as this issue proceeds.

We have failed the basic Commandments of God in what we have done. In [Exodus 20](#) we can read about it. Starting in verse 3: *"Thou shalt have no other gods before me. Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth:"*

What graven image of another god has been made which has totally changed our culture? What about the Zionist symbol of power, the six-pointed star of David or Solomon? That is an image of a god, the god of the Talmud, the god of Judaism. and it is not the God of the Bible. The Talmud was started in Babylon and was completed after the Jews returned to Jerusalem. The definition of the word "Jew" is one who believes in the Talmud. That six-pointed star is an image which represents the Talmud.

To give examples of this we present these quotes: Baruch Levy, in a letter to Karl Marx in 1928 summed up the Talmud when he wrote, "The Jewish people as a whole will be its own messiah. It will attain world dominion by the dissolution of other races, by the abolition of frontiers, the annihilation of monarchy, and by the establishment of a world republic in which the Jews will everywhere exercise the privilege of citizenship. In this new world order the children of Israel (He means Jews, not Israel-ed.) will furnish all the leaders without encountering opposition. The governments of the different peoples forming the world republic will fall without difficulty into the hands of the Jews. It will then be possible for the Jewish rulers to abolish private property, and everywhere to make use of the resources of

the state. Thus will the promise of the Talmud be fulfilled, in which is said that when the messianic time is come, the Jews will have all the property of the whole world in their hands."

Let's return now to the [Book of Exodus, Chapter 20](#) and we will continue with verse 5, *"Thou shalt not bow down thyself to them, nor serve them: for I the Lord am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me."*

It is nearly impossible to escape bowing down to this six-pointed star which has become a symbol of a god as long as we blindly accept what is being done by the government at all levels, the schools, the Judeo-Christian churches, as well as the general society. To add insult to injury, many of our society consider it a hate crime even to politely discuss the issue.

To show how we are bowing down to this god, let's again read parts of Baruch Levy's letter. He said, "It will attain world dominion by the dissolution of other races, by the abolition of frontiers, the annihilation of monarchy, and by the establishment of a world republic in which the Jews will everywhere exercise the privilege of citizenship."

Does anyone doubt that this country (along with our sister nations in Europe) is rapidly becoming a light shade of brown? Are we not losing the identity of our borders, particularly the border with Mexico? Some years ago we gave a message entitled *The Immigration Scam* in which the entire process of the destruction of all immigration laws was given. It is a concise, authoritative history of bowing down to this image of another god.

The [United Nations](#) is nothing but the "world republic" described by Levy. Have you noticed that Jewish people are allowed to have dual citizenship in their host country and in Israel?

Baruch Levy also stated that the governments of the world will fall into their hands. We have shown in past newsletters and messages that Rabbi Ben Zion Bokser in his book *The Wisdom of the Talmud* proudly states that all of the countries of the world now use the Talmudic system of jurisprudence. In that system the judges create law and not just interpret it. In Christian societies, only God creates law. We are only to interpret what God has commanded and all laws must comply with God's Laws, Statutes and Judgments. The laws of the United States are created by the Legislative Branches and then recreated by the Judicial Branch. Our laws are not the Laws of God interpreted but are created under Talmudic principles.

Baruch Levy stated that Jewish rulers will be able to abolish private property and use the resources of the state to do it. That is exactly what all of this environmentalism is about. It is nothing but to remove the people from their own land. Our nation now has organization after organization trying to fight this excessive environmentalism. But when our elected government officials repeatedly side with the environmentalists, and we don't say a word in protest, we are bowing down to the image of another god.

To make matters even worse, whenever we try to rationalize what is being done, we are bowing down to that image. When we rationalize the multi-national corporations going to China, Indonesia, Mexico, and hundreds of other places, and then shipping the goods back to our country for sale, we are bowing down to that image. We are bowing down when our entire existence rests on the Stock Exchange system as a result of these Multinational Corporations.

The Swedish publication *Judisk Tidskrift* reported this in 1929, "Only recently our race has given the world a new prophet, but he has two faces and bears two names; on the one side, his name is Rothschild, leader of all capitalists, and on the other, Karl Marx, the apostle of those who want to destroy the other."

A Jewish banker from Paris was quoted by the Comte de Saint-Aulaire in 1936 which confirms what the Swedish publication wrote. The banker said, "Marxism, you say, is the bitterest opponent of capitalism, which is sacred to us. For the simple reason that they are opposite poles, they deliver over to us the two poles of the earth and permit us to be its axis. These two opposites, Bolshevism and ourselves, find ourselves identified in the Internationale. And these two opposites, the doctrine of the two poles of society, meet in their unity of purpose, the renewal of the world from above by the control of wealth, and from below by revolution." What this banker is saying is that the capitalist wealth and the socialist revolutionary is actually on the same side; that is, to bring about the Utopian one world government. This, then, rationalizes the [CFR](#), the Trilateralists, the Bilderbergers, etc.

Do not pass any of this off lightly and make no mistake about it. Christianity is caught in a vise and the jaws of that vise are closing. The conflict is simply Christianity versus Zionism. When our churches try to rationalize what is being done to us we are bowing down to the image of another god.

Christians should have no argument with a genuine free enterprise system. Christians have no argument with a Biblically based republican form of government. We, at *Christian Crusade for Truth*, have utilized numerous issues of the *Intelligence Newsletter*, as well as spoken messages, to show how we are to live in a Christian society. But when we try to mix Christianity with Judaism we get Judeo-Christianity and we get a Talmudic form of government and Christianity.

Repeating verse 5 of [Exodus 20](#), "*Thou shalt not bow down thyself to them, nor serve them: for I the Lord am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me.*" Yes, those generations which have lived during this 20th century have failed God miserably. Probably the greatest mistake was to have accepted the title Judeo-Christianity instead of just plain old fashioned Christianity. It was the Christianity that Jesus gave us and it was to be "The Way" of life. In our daily prayers we should pray for Him to teach us how to return to it.

But it is not enough to chastize the generations of only this century. The mistakes were started a long, long time ago. The history needs to be told and retold until we understand it. First, in this issue, we will go back to the early events and then close with the history of how World War I and World War II were started. The true and genuine history is there for us to learn. We have said many times, the victor always writes the history. What points of view did the losers have? Taking the two points of view and comparing them we can find the truth somewhere in between. That often times requires us to discuss "politically incorrect" situations and statements. So be it. In [John 8:32](#) we read, "*And ye shall know the truth and the truth shall make you free.*"

To understand the beginnings of our current problems, we must go all the way back to ancient Babylon. It was here where this ancient empire, one of the great wonders of the ancient world, taught the captured Israelites from the tribes of Judah and Benjamin. Ancient Babylon had a system of commerce almost identical to our modern society. The Bible calls that system of commerce "Babylon." God didn't like it and He destroyed it. Today, we have the identically same system and John the Revelator calls it "Mystery Babylon." God doesn't like that either and John prophesied that it, too, would be destroyed. You can read all about ancient Babylon in the book *The Bible as History* by Werner Keller (ISBN 0-688-03724-0)

William Morrow New York. The German Biblical Archaeologist Professor Robert Koldewey uncovered the ruins of this ancient city and found astounding evidence of a city very similar to a modern American city including finances, commerce, religion, morals, etc.

It was here in a section of Babylon called Tel-Abib where Nebuchadnezzar had taken only the educated and wealthy leaders of Judah and Benjamin. They were taught the religions of the East including Zoroasterism which teaches such tenets as good versus evil, wet versus dry, God versus devil, etc. They also were taught the *Oriental Kabbalah*. In this ancient system they were taught legends which were diametrically opposed to the teachings of God through Moses. Probably one of the best sources of information on the Kaballa is *The Holy Kabbalah* by A.E. Waite, Library of Congress No. 60-12164, University Books New York.

It was here in Babylon where these past Israelites from Judah and Benjamin developed the Talmud. They simply combined all of these beliefs and created the document called the Talmud. Only 40,000 were allowed to return to Jerusalem to rebuild the Temple. King Cyrus probably thought of them as still being Israelites and allowed the return under Ezra and Nehemiah. In reality, they could no longer be considered Israelites with the Laws of Moses. The Bible calls them Jews. The belief in the Talmud is what makes them Jews. David Ben Gurion once said, "**A Jew is anyone who says he is.**" His authority for saying that is the Talmud. If we take David Ben Gurion's statement at face value, when we pay homage to a Talmudic form of government and go to churches which includes Talmudic concepts, we are practicing Judaism.

Not all of the newly defined Jews returned to Jerusalem. Most of them stayed in Babylon and then finally migrated to other parts of the world. Some found their way into Europe and became known as Venesian traders. Some went to China and became wealthy. Some went to India and became wealthy. But none of these others made a lasting effect on the world. But those who went into England did.

In 1066 A.D. William the Conqueror invaded and conquered old Saxon England. The British Isles were comprised of Angiles and Saxons from Germany, Gaelic Celts and Norsemen. Their government was Biblical with captains of tens, fifties and hundreds. They elected what was called the *Witan* which in turn elected the King. Citizens owned their property in *alloidial* title, meaning they paid taxes to no government. Their one, great weakness was that they bickered and argued among themselves with numerous small skirmishes, just like we still do today. But the greater system of government remained intact. Theirs was a simple lifestyle tied closely to farming. But when William the Conqueror took advantage of the lack of cohesiveness among the English, he conquered it in 1066 at Hastings. The outcome of that was so monumental that it changed the lifestyle of nearly everyone.

The simple fact of King William conquering the English was not the important point. He brought with him the Jewish money lenders from Roen, France. What they did, with King William taking the credit, changed the world.

Have you ever noticed how bankers enter into the affairs of everyone they loan money to? It was the same then. These money lenders were the advisors to the king, not a bit differently than today. The first thing they observed was that the English owned their property in *alloidial* title and paid no taxes. They also observed that the English didn't have magnificent buildings, roads, bridges and all of the other modern conveniences of life. So they told William to change the system. William did as he was told. He changed the system of ownership to the system of *fief* which means the people paid taxes to the king in order

for them to continue "owning" their property. No payment of taxes and the property was taken from them. That is exactly the way it is now, isn't it?

William was also advised to set aside property to be owned by the government and they called it the King's Forests. They advised the King to build large government buildings, roads, bridges, etc., just like in ancient Babylon. The taxes paid for it but only after the proper sum was paid to the King and to the bankers. It was William the Conqueror who gets the credit for building that one-square-mile area in greater London called "The City." It was here where they created the exact duplicate of the system of finance, insurance, money conveyance, etc as ancient Babylon.

By 1215, King John, the grandson of King William, was on the throne. The situation was so bad that the people, **under their pastors**, went to King John and forced him to sign the Magna Carta. If you will read this document very carefully you will find it to be directly related to the excesses of these Jewish money lenders through the King. The Magna Carta was signed, under duress, but nothing changed. Finally, in 1290, King Edward I, the grandson of King John, was forced to evict the Jews from England. The rest of Europe did the same, one nation after another, the last being Spain, in 1492. They were forced back into Eastern Europe and Khazaria. But they didn't stay there. They trickled back and returned to the practice of lending money at usury. The various kings wanted them and needed them to pay for their petty wars. Nothing has changed!

There was a deeper purpose than their own private fortunes. As we showed at the beginning of this issue, Baruch Levy said, ".Thus will the promise of the Talmud be fulfilled, in which is said that when the messianic time is come, the Jews will have all the property of the whole world in their hands."

Back in England Oliver Cromwell came into power in the 1640's. He, too, needed money for his wars. An agreement was consummated between the Jews and Cromwell which simply stated that a marriage between England's nobility and Jewish money would result in them together ruling the world. This they did. "Rule, Britannia, Rule," and "The sun never sets on the British Empire."

The system of Colonial rule became the way of life for the nations of the world. It was the day of exploration. A new primitive country would be conquered and "owned" by a European nation but the system was perfected by England. They would subjugate the colony, use them as cheap labor, ship the raw materials of the colonies back to England and then use sweat shop labor, often children. They would then ship the finished products all over the world. The so-called Industrial Revolution became an integral part in this system.

The Spanish Jews ruled Spain, using their money obtained from usury, for 1000 years. It was called the "Golden Millennium of the Sephardic Jews of Spain." Spain was once a Teutonic nation. But they mixed with the Moors and the Jews and thus fell as a cohesive nation, never to rise in importance again. Portugal was once one of the most powerful countries in Europe and they had an extensive colonial system with most of their colonies being in Africa. The Talmudists also ruled these Teutonic Portugese men who were sent off to defend and expand their colonies. They allowed the Blacks from Africa into Portugal to supply the daily labor. The results were inevitable and they became a fallen nation. The only thing they have left of their once greatness are memories. These are reflected in the Portugese *Fado* music which is a sad and soulful remembrance.

Basically, the British Empire ruled the entire world, including the far East. The other countries of Europe, and to some extent the United States, simply followed the lead of England. The system was the economic invention of the day. They would use the cheap

colonial labor to extract the raw materials of the world, then ship them back to England to be made into manufactured goods such as cloth, steel, clothing, finished products, etc.

But somehow, the British Empire couldn't control Germany. One can ponder whether it was simply German stubbornness or a difference in the type of Christianity between the two nations. The remainder of this issue will indicate that it was the latter.

The conflict between the two most powerful nations of Europe would one day erupt where flint and steel would come together and the whole world would suffer.

Yes, the Talmudists were also in Germany, loaning money to the entire economy at usury, just like in the rest of Europe as well as the United States. But the political control could never be wrestled from the German people themselves. This had to be because of their Christian Churches. Germany was primarily Roman Catholic and Lutheran. The Catholic Church had edicts against usury. The Lutheran Church still believed strongly in the tenets of Martin Luther, unlike that church in the United States today. Martin Luther understood the Zionist Utopia concept and he wrote about it.

Nearly all of the conflicts in Europe in the 17th, 18th and 19th centuries were over England trying to destroy the economic competition of Germany. England blockaded the English Channel which prevented Germany shipping in that direction. The North Sea was closed during the winter. England controlled the Mediterranean Sea and the Suez Canal. England made alliances with France. England dominated the seas.

The Zionists were determined to rule Germany. Zionism was already in complete control of the British Empire from the time of Oliver Cromwell as we have shown. So how was Germany (and its people) penetrated? Simply, it was through Communism. What does that have to do with Zionism? Rabbi Stephen S. Wise said, in 1935, "Some Call it Marxism. I call it Judaism." Reinhold Niebur said in New York in 1934, "Marxism is the modern form of Jewish prophecy."

The Communist invasion of Germany in the 19th century was the direct cause of all of the civil wars and political upheaval. It was during the middle of the 19th century when the greatest influx of Germans migrated into the United States, just to get away from the evil and start a new life.

Germany was decimated. They had to rebuild their population, which they did. They then built the Bagdad Railroad in an attempt to ship their goods through the Eastern route. But England, knowing what they were doing, waited until they finished the railroad and then closed the sea lanes to the East. It was nothing but economic warfare.

Considering only the people (and not the respectively controlled governments, of England, France, United States, and Russia), they have always been on very friendly terms with the German people. We are all of the same basic Teutonic blood and we think alike. The Christian Empress Catherine of Russia invited Germany to send people to the Ukraine to start the great wheat fields. They became the "bread basket" of Europe.

The United States has invited the German people to this country with open arms. We have used them as engineers, scientists, technicians and farmers. It is a statistical fact that among the white people of the United States, German blood is the most prominent. Nearly everyone of us are involved as family because "blood is thicker than water," contrary to what is politically correct. It is for that reason alone that the world Zionist movement wants all Teutonic people to turn into a light shade of brown! Germany represents the ancient ancestral home of all of us. In some sick, strange way the goal of the Zionist movement is to totally annihilate Germany and all of its people.

The sad, but true, state of affairs today is that all Teutonic blooded people, anywhere in the world, cannot even politely discuss this history without being termed such epithets as "racist," "white supremacists," "neo-Nazis," etc. This is untenable and must stop. **We must stand for something or fall for everything!**

There is a very deep, Spiritual message to be learned in this. That message is for us to realize that this battle is between genuine Christianity, "The Way" Christ taught us, and Zionism. The battle is so succinctly brought out in the Book of Malachi. There is a silent and peaceful revolution growing in the very heart of America. That revolution is to remove Judeo from Judeo-Christianity and restore The Words of Christ Himself and relearn the simple truth that the Laws, Statutes and Judgments were not removed. One more thought on this. **The enemies of Christ may destroy individuals but they will never destroy that silent and peaceful revolution which is already well established. Praise God.**

This battle is God's battle. Unless we give Him the credit the battle will once again be lost. There have been two great wars in this century and both of them were fought believing that it would be done in the name of man. God was not to be given credit for anything. Consequently, that book *The Greatest Generation*, which Tom Brokaw wrote, can be accurately assessed as the generation which made the world safe for Communism and Zionism.

The history of how those wars started also needs to be told. One cannot find that history in the politically correct history books. We need to find other sources for the truth. At least one of the best sources is from a man who was at the very top in the Zionist movement, who has told the story because he has repented, turned Christian and was buried as a Christian. God, indeed, does work in mysterious ways!

We want to show how the whole world was encompassed in the two great conflagrations of this century, World War I and World War II. This writer was born in 1923, just 5 years after World I had finished and four years after the so-called 1919 peace conference.

We had to work, even as children, to make it through the Great Depression. The greater share of us went into the military blindly and, because of the propaganda and didn't even know why. This writer went across Europe with General Patton, after entering on Utah Beach, having fought in all of Patton's campaigns. When we "cooled our heels" at the Elbe River, waiting for the Communist Russians to take Berlin, there were questions in all of our minds, not just mine. We received knowledge that one will never get in the politically correct history books. We lived with, saw, and intuitively knew the history that we will now share. It is sad, indeed, that most Americans refuse to believe what our own people will say. But maybe they would believe what an ex-Zionist, at the very top, wrote about this.

It is doubtful that every American knows who Benjamin Freedman was. He was a Talmudic Jew, a Zionist, and enjoyed very close relations with Bernard Baruch, Samuel Untermyer, Woodrow Wilson, Franklin Roosevelt and the Kennedys. He was at the very top of the Zionist power structure. He broke with Zionism and the Talmud. He finished his life exposing the evils of this World Utopia. Among other books, he wrote *Facts are Facts* which is an expose of the fact that 95% of all Jews are from Khazaria, an ancient kingdom in Southern Russia, and don't have a drop of Abrahamic blood in them. Of course, Arthur Koestler wrote about this in *The Thirteenth Tribe* as did Alfred Lilienthal in his book *The Zionist Connection*. But, still, most Americans don't read "politically incorrect" books, do we?

Benjamin Freedman made a presentation to a group of patriots at the Willard Hotel in Washington D.C. in 1961. His entire speech was revealed in *The Barnes Review*, July-

August, 1999. You may order this issue with a subscription by calling 1-800-311-3615 We will be extracting information from this most revealing presentation.

World War I broke out in 1914. By 1916 Germany had subdued Britain and her Allies. The war was basically finished. England was out of ammunition. There was about a two week's food supply for the English troops. The French Army had already mutinied after losing 600,000 soldiers at Verdun. The Russian Army was already returning to Russia. England had no choice but to quit.

How did Germany do all that in just two years? They did it by sinking nearly all of the supply ships sending materials to the Allies. They had secretly developed the submarine and used it with total success. Ships began blowing up all over the Atlantic Ocean because of these German submarines.

Germany offered peace to England by simply stating, "Lets quit, go home in peace." At this time there was no damage done in Germany. England was going to accept this.

One must understand the Talmudist's mind. They are the masters of intrigue. You play chess with them, not checkers. Think five to seven steps ahead of what is being currently stated at the time by them.

Another point, the powerful bankers for all of the participants in that conflict were Jewish. The German bankers were primarily Jewish. So, why would these German bankers not want to settle the war? There had to be a much larger purpose for their efforts in addition to just making huge profits from usury.

These powerful German bankers went to England and gave them an offer they couldn't refuse. They told England that they would guarantee that the United States would enter the war and turn the tide on the condition that England would give the Zionists Palestine. England was only a protectorate of Palestine at the time and did not have sovereignty. They had no authority to give it to anybody! But England was so very presumptuous in saying that they would.

The United States was very pro German during the conduct of that war at the time. Of course, we know now that Americans are so gullible that we believe everything we read in the controlled newspapers! All of the major newspapers were controlled by Zionists and they told us that we should be pro German! The reason for that was that these bankers had families in Germany and, in addition, they hated the Russian Czar because he had these Talmudists all figured out and Russia had started to tightly control them. During the first two years of the war they refused to finance England or France because of their alliance with Russia. But they heavily financed Germany in every way they could because they wanted to destroy the Czar.

When England accepted the terms demanded by the German bankers, the American newspapers made a complete 180 degree reversal. Up until that time the newspapers told about the exploits of the Germans and of their heroic war effort. But when that order came down from World Zionism, the newspapers in America made a complete turn. Now they talked about the atrocities of the "Huns." They told such false tales as "cutting off babies hands." They made up such tales as "shooting Red Cross nurses." We believed it and as Mr. Freedman said, "We were suckered into that war merely so that the Zionists could obtain Palestine." He said, "That is something that the people of the United States have never been told about. They never knew why we went into World War I." That is something you still won't find in the politically correct history books.

Woodrow Wilson was President of the United States. In other newsletters and messages we have told about how Samuel Untermyer and C.I. Scofield, the man who wrote the Scofield Bible, went to Woodrow Wilson and forced him into naming the Zionist Louis Brandeis to the Supreme Court or they would reveal an indiscretion which Wilson had committed. It was President Wilson, Samuel Untermyer, C.I. Scofield and other Christian Zionists, along with American Zionist bankers and newsmen who immediately started the propaganda for a war against Germany. The same technique was used to convince Americans to intervene in Iraq, Bosnia, Kosovo, Somalia, and now E. Timor.

After the U.S. entered the war, the Zionists went to England and told them it was "pay-up" time. The English obliged and Lord Balfour made his infamous "[Balfour Declaration](#)." The Zionists were to get Palestine and we have been living with that albatross around our necks ever since.

After Germany was beaten, solely because the United States entered into the war, the Peace Treaty was held in Paris, France in 1919. There were 117 Jews there as a delegation which was headed by Bernard Baruch. Benjamin Freedman, the man who defected Zionism and turned Christian, was there as the assistant to Baruch. The Germans were locked up in a hotel room for a week before the conference because this peace treaty was not to be negotiated, just like what happened after World War II. It was to be unconditional. They carved up Europe wholesale at the expense of German territories.

It was at this time in the conduct of the peace conference that the Jews came forth as a delegation and reminded the attendees of the agreement over Palestine. The German delegation knew nothing about that agreement and it came as a horrible shock. They only then found out why the United States went to war with Germany.

What bothered them so much was the fact that the Jews had been treated very well in Germany. The industrial giants of Germany were Jewish. The powerful bankers were Jewish. Benjamin Freedman reminded us that these German Zionists were treated just as well as we treat them now here in the United States. You can only imagine the shock the German delegation, and Germany itself, realized. They just didn't understand the minds of the masters of intrigue.

World War I guaranteed World War II. Those who study this phenomenon realize that there were to be three World Wars and two Civil Wars before the world begged for a World Government, still unbeknown to the masses that it would be Talmudic Zionist in nature.

The German delegation wasn't even allowed to speak at the Peace Conference. But the meek-mannered German Foreign Secretary Ulrich Von Brockdorff-Ratzau put up a protesting hand anyway. A part of what he said gives us the thought processes of these evil minds. He said, "The hundreds of thousands of noncombatants who have perished since the eleventh of November by reason of the blockade were killed with cold deliberation, after our adversaries had conquered and victory had been assured to them." That statement in 1919 should cause us to understand why we did exactly the same thing in World War II.

The Zionists then, using what can be considered perfect *Chutzpah*, wrote in the American newspapers that the reason why Germany didn't like the Jews was because Germany realized that their great defeat was brought about by the Jewish intercession to get the U.S. into the war!

That statement can be made only to a people who have bowed down and served them. Again, in [Exodus 20:5](#) "*Thou shalt not bow down thyself to them, nor serve them: for I the Lord thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me.*" Bowing down to them means fearing

them. You worship whom you fear. [II Kings 17:35](#) tells us this truth, "*...Ye shall not fear other gods, nor bow yourselves to them, nor serve them, nor sacrifice to them:*" In verse 36 He tells us another great truth, "*But the Lord, who brought you up out of the land of Egypt with great power and a stretched out arm, him shall ye fear, and him shall ye worship.*"

Germany had been kind to the Jews from Russia. They opened their doors to the Russian Jews after the first Communist Revolution in Russia failed. They left Russia and went to Germany where they were treated very kindly.

Again, England, France and even the United States to a degree, were against Germany economically because the Germans were an economic threat to our Gross National Product (GNP). Everyone had to keep Germany bottled up. So in this regard, we will show the exact words of Benjamin Freedman from his speech in Washington in 1961.

"World War I had been started against Germany for no reason for which Germans were responsible. They were guilty of nothing, only of being successful. They built up a big navy. They built up world trade. You must remember that Germany at the time of the French Revolution consisted of 300 small city-states, principalities, dukedoms, and so forth---300 separate little entities. And between the times of Napoleon and Bismarck, they were consolidated into one state. Within 50 years they became one of the world's great powers.

"Their navy was rivaling Great Britain's, they were doing business all over the world, they could undersell anybody, and they could make better products. What happened as a result of that? There was a conspiracy between England, France and Russia to slap Germany down. There isn't one historian in the world who can find a valid reason why those three countries decided to wipe Germany off the map politically."

World War I was a direct result of that age-old contest between English interests and those of Germany. We have explained that in our newsletters on the destruction of our culture. Germany had made an alliance with Turkey, Austria and Hungary which was somewhat an outgrowth of the failed attempt to build and use the Bagdad Railroad. That had been denied by the English interests.

On the other side was Great Britain, France and Russia. One must remember, Communism came out of Russia and Germany was fighting Communism. World War II was guaranteed to happen as a result of the Paris Peace conference of 1919. The Communists were marching West. They entered Germany in the 1920's There was street fighting. Attempts were made to take over cities in Bavaria and even Berlin. Things became so dangerous that even the Kaiser fled Germany to escape the same fate as the Czar. the population of Germany was 80-90 million. According to Freedman there were only 400,000 Jews. Using foreign money they bought up German property on options before the great inflation. They then bought the property for pennies on the dollar.

Germany was being destroyed right before the world's eyes. But, according to Benjamin Freedman, the Germans still did not harm anyone. The German government then put Communists, Christians and Jews alike (and there were many Christian Communists!) into detention camps. If you will remember, President Roosevelt did the exact same thing with Japanese Americans during World War II. We remember the incident perfectly. Americans didn't see anything wrong with that action. Neither did the German people over there with respect to Communists. But there were already complaints from the American Jewish Community. The U.S. Secretary of State Cordell Hull sent Hugo Schoenfelt, a Jew himself, to Europe in 1933 to see for himself. He returned and stated the camps were in fine shape and everyone was treated equally and fairly. That information comes from Benjamin Freedman, the advisor to Bernard Baruch, who in turn was the advisor to President

Roosevelt. That letter from Hugo Schoenfelt was put on the secret paper list and never made public.

The world Zionists were not satisfied. They sent a delegation to Amsterdam in July, 1933 and their letter which came from that meeting said, "You fire Hitler, and you put every Jew back into his former position, whether he was a Communist or no matter what he was. You can't treat us that way. And we, the Jews of the world, are serving an ultimatum upon you." Germany refused to surrender to the world Jewish Conference. The conference broke up and went home. But that was not the end of it.

Our same Samuel Untermyer was the chairman of the conference in Amsterdam. He immediately went to the *Columbia Broadcasting System* and made, in effect, this statement. "The Jews of the world now declare a holy war against Germany. We are now engaged in a sacred conflict against the Germans." Untermyer then wrote this in the *New York Times* for August 7, 1933, "This economic boycott is our means of self-defense. President Roosevelt had advocated its use in the National Recovery Program." Incidentally, even then the [NRA](#) had been declared unConstitutional by the Supreme Court.

Americans didn't want any more wars with Germany. There were boycotts, rallies, marches and demonstrations by thousands of Americans. And many found themselves in jail, contrary to the First Amendment. The famous Sedition Trial of 1944 was the direct result of the Administration of President Roosevelt. It was simply an attempt to destroy all opposition to the then budding Zionist One World Order. That trial lasted for years, and with reversal after reversal, they tried to keep it alive. It was not until November 22, 1946 that Chief Justice Bolitha Laws dismissed the indictments and called the case, "A travesty of Justice."

Samuel Untermyer and his Zionist friends didn't declare war on Germany. In actuality, Samuel Untermyer, in the name of all of World Zionism, declared a war between Zionism and Christianity. The country of Germany, was, and is, the scapegoat. That war rages on and any Christian who attempts to understand and teach Christianity as Jesus taught it and not as modern Judeo-Christianity teaches is attacked with the same fervor as Samuel Untermyer demonstrated there in Amsterdam so many years ago.

This writer was there in World War II. One can only imagine the starvation and sicknesses caused by the total destruction of that war unless it was seen personally. Only combat troops, and not those who saw it only after it was cleaned up enough to make it presentable, could understand. The forced march of three and one-half million Germans back from where the Russian Empress Catherine invited them resulted in over one and one-half million deaths alone, just on the road back to the German border. The treatment of German POW's resulted in over one and half million deaths and that is only now being written about by brave authors. Such books are being removed from the book stores because they are politically incorrect. The Henry Morgenthau Plan for Germany wasn't to make them a light shade of brown, It was to obliterate them from off the face of the earth.

**Both World Wars turned out the way they did because Christians conducted them in the name of man.** As we have shown in this issue, the United States fought in the name of Zionism. Those who died in those conflicts who were innocent and ignorant of that fact, will have died as martyrs. That comes close to home. My own brother, a paratrooper of the 101st, was killed just three miles from me on Utah Beach. God will not honor any conflict to save our faith when we refuse to give God the honor. In [Deuteronomy, Chapter 20:3-4](#), "*..Hear O Israel, ye approach this day unto battle against your enemies: Let not your hearts faint, fear not, and do not tremble, neither be ye terrified because of*

*them; for the Lord your God is He that goeth with you, to fight for you against your enemies, to save you."*
