

## Dr. Ronald D. Fite,

Six Sigma Master Black Belt, Lean Master  
[fite@fitesprofessionalservices.com](mailto:fite@fitesprofessionalservices.com)

Professor, Instructor, Board Chair and College President.

Previously, taught for the state of North Carolina as a Business & Industry Instructor for the North Carolina Community College System

My responsibilities included the delivery of numerous continuous improvement applications directly to clients within North Carolina. Courses ranged from Six Sigma, Lean Thinking, various problem solving methodologies and includes Leadership and Interpersonal Skills as part of their facilitation requirements. My service area consists of 58 colleges within 100 counties. During this time, I delivered courses at over 500 different companies on behalf of the community college system serving a very diverse market from heavy manufacturing, plastics, automotive, financial, pharmaceutical, textiles, food and many others. Typical total annualized savings achieved by my students collectively ranged from seven to ten million dollars annually. Over the past six years, I was blessed with four companies that have received the NCMEP Award for Continuous Improvement. The NCCCS is part of the MEP through NC State University

Following my time with the NCCCS, I have remained active in the field of Continuous Improvement. My activities included forming a personal consulting business named Fite's Professional Services. Additionally, I became the Board Chairperson of the United Quality Management Institute while being appointed as the President of the American International Theism University. I also serve as a Professor / Academic Supervisor for Bircham International University and Adjunct Professor with Charisma University where I also serve as Curriculum Team Chair.

On a personal level, I also volunteer my time to outside organizations. One such activity includes being nominated by ASQ to serve as a preliminary round judge for the ITEA (International Team Excellence Awards). Finally, I served as the Chairperson of the Town of Landis Planning Board and the Board of Adjustments in my hometown of Landis, NC USA.

My personal teaching philosophy is one of knowledge application. I have many years of teaching and practical experience. My years of quality experience, diverse skill set and teaching style is one of practical application as demonstrated by my students. I am a believer of life-long learning.

My Goal is to share my knowledge and experience with others that have a desire to learn more about Continuous Business Improvement while incorporating Leadership & Interpersonal Skills.
