OUTRIDER ENERGY CORP.
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

September 30, 2015

(Expressed in Canadian Dollars)

1. NATURE OF OPERATIONS

Outrider Energy Corp. (the “Company”) was incorporated under the British Columbia Business Corporations Act on December 17, 2007. The Company is a junior resource company engaged in the acquisition and exploration of unproven resource interests. The common shares of the Company are listed for trading on the Canadian Securities Exchange (“CSE”) under the symbol “MCF”.

The Company will require additional capital to fund its future property acquisitions and exploration programs as well as for administrative purposes. If management is unable to obtain additional funding, the Company may be unable to continue its operations, and amounts realized for assets may be less than amounts reflected in these financial statements.

These condensed consolidated interim financial statements are prepared in accordance with International Financial Reporting Standards (“IFRS”), on a going concern basis, which presume the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period.

These condensed consolidated interim financial statements do not include adjustments to amounts and classifications of assets and liabilities that might be necessary should the Company be unable to continue as a going concern.

The address of the Company’s principal place of business is Suite #3123, 595 Burrard Street, Vancouver, British Columbia, V7X 1J1.

2. SIGNIFICANT ACCOUNTING POLICIES

Statement of Compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting (“IAS 34”) using accounting policies consistent with IFRS as issued by the IASB and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”). They do not include all of the information required for full annual financial statements and should be read in conjunction with the audited annual consolidated financial statements for the year ended December 31, 2014 (“2014 Annual Financial Statements”), which have been prepared in accordance with IFRS.

The policies applied in these condensed consolidated interim financial statements are based on IFRS issued and effective as at the date the Board of Directors approved these financial statements for issue.

These condensed consolidated interim financial statements have been prepared using accounting policies consistent with those used in the 2014 Annual Consolidated Financial Statement and were authorized for issue by the Board of Directors (the “Board”) on November 26, 2015.

Basis of Measurement

The financial statements have been prepared on the historical cost convention, except for financial assets classified as available for sale and fair value through profit and loss (“FVTPL”) which are measured at fair value. These financial statements have been prepared using the accrual basis of accounting, except for cash flow information and are presented in Canadian dollars.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Consolidation

These consolidated financial statements include the financial statements of the Company and its wholly owned and controlled, U.S. incorporated subsidiary, Outrider Energy (U.S.A.), Inc. Control exists when the Company has the power directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. All inter-company balances have been eliminated upon consolidation. The financial statements of the subsidiary are included in the consolidated financial statements from the date that control commences until the date that control ceases.

New Standards, Amendments and Interpretations Issued

Certain new standards, interpretations and amendments to existing standards have been issued by the IASB or IFRIC that are mandatory for accounting periods beginning after January 1, 2015, or later periods. Some updates that are not applicable or are not consequential to the Company may have been excluded from the list below.

The standards and interpretations that are issued, but not yet effective, up to the date of authorization of these financial statements are disclosed below. Management anticipates that all of the pronouncements will be adopted in the accounting policy for the first period beginning after the effective date of the pronouncement.

The Company continues to evaluate the impact the implementation of these standards will have on the financial statements.

Accounting standards anticipated to be effective on or after January 1, 2017

Financial instruments

IFRS 9 – *Financial Instruments* is intended to replace IAS 39 – *Financial Instruments: Recognition and Measurement* in three main phases. In November 2009 and October 2010, phase 1 of IFRS 9 was issued and amended, respectively, which addressed the classification and measurement of financial assets and financial liabilities. IFRS 9 requires that all financial assets be classified as subsequently measured at amortized cost or at fair value based on the Company's business model for managing financial assets and the contractual cash flow characteristics of the financial assets.

Financial liabilities are classified as subsequently measured at amortized cost except for financial liabilities classified as at FVTPL, financial guarantees and certain other exceptions. In July 2014, the IASB issued the final version of *IFRS 9 Financial Instruments* which reflects all phases of the financial instruments project and replaces *IAS39 – Financial Instruments: Recognition and Measurement* and all previous versions of IFRS 9. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, with early application permitted. Retrospective application is required, but comparative information is not compulsory. Early application of previous versions of IFRS 9 [2009, 2010, and 2013] is permitted if the date of initial application is before February 1, 2015. The adoption of IFRS 9 will have an effect on the classification and measurement of the Company's financial assets, but no impact on the classification and measurement of the Company's financial liabilities.

5. SHARE CAPITAL (continued)

Effective April 7, 2015, the terms and conditions contemplated by section 10 of the pooling agreement entered into on the July 3, 2013 private placement closing have now terminated. The securities issued are no longer subject to the resale and transfer restrictions originally contemplated by the pooling agreement and accordingly have been released from the pool.

Pursuant to the terms of a Voluntary Pooling Agreement between the unit holders subscribing to the October 1, 2013 private placement, the pooling agent and the Company, the shares, warrants, warrant shares were placed on deposit October 1, 2013. The pooled securities will be held by the pooling agent and released subject to the provisions of the agreement on the date that is one year from the closing date. The release date may be changed to an earlier date if the Company completes one or more financings of equity, debt convertible debt or any other type of financing. For every \$1,000,000 in gross proceeds raised from such financings 10% of the pooled securities will be released on the 10th business day following the closing of the financing which gives rise to the release. As at September 30, 2015, all shares in the Voluntary Pooling Agreement have been released.
