## FLEX TABLES

Bon Chef Flex Tables. Flex Tables can be joined to make numerous buffet configurations as pictured or any other creative design desired. They can be easily disassembled, stored and moved to different off premise locations. The beauty of Bon Chef's Flex Tables is the construction. Bon Chef builds them with light-weight green materials yet much stronger than conventional materials. That means assembly and moving the tables is very easy and much safer. No back breaking lifting of heavy parts to assemble.

Available in Laminate or Wood Veneer colors:
