

Stars School Days: Study Program

Let us help your kids with their school work so you can relax with your family in the evening

4 Week Sessions

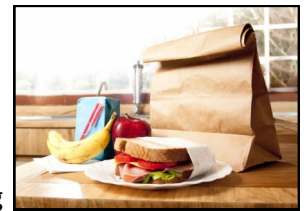

► School work is the first priority.

The kids will sit down to do their school work, based on their schedule. They will have access to wifi, so they are able to log into Google Classroom, Zoom or any other virtual website that their school is using. It is the parents responsibility to provide Stars staff with the information needed to help them get online and access their classes. Our staff will be available to help them during this time. There will also be time for working on assignments and tutoring as needed.

► Breakfast, snack, lunch.

Due to all of the restrictions and safety precautions in place, your child will need to bring any and all food for meals. Stars Gymnastics will provide one snack that is pre-packaged and individually wrapped. (granola bars, Smucker's pb&j, cheese & crackers, etc) for those attending 5 or 6 hours per day. There will not be any community snacks or sharing allowed. Social distancing will be enforced, but the kids will have the opportunity to socialize throughout snack/meal breaks.

► Exercise:

Every day will include physical activities, games, sports, etc.

***Option:** Include Stars—Gymnastics, Tumbling or Ninja Class once per week.

Stars Gymnastics Covid-19 safety protocols will be followed with social distancing, sanitizing equipment after each group rotates, etc.

Drop Off Only
