## INDEPENDENT AUDITORS' REPORT

Honorable Mayor and City Council City of Winnsboro, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activity, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Winnsboro, Texas, as of and for the year ended September 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activity, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Winnsboro, Texas, as of September 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 7, 2013, on our consideration of the City of Winnsboro, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedule of funding progress on pages 3 through 10, 36 and 37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Winnsboro, Texas' financial statements as a whole. The other supplemental information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Karen a. Jacks & associates, P.C.

Longview, Texas February 7, 2013

## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of City of Winnsboro's annual financial report presents our discussion and analysis of the City's financial performance during the fiscal year ended September 30, 2012. Please read it in conjunction with the City's financial statements, which follow this section.

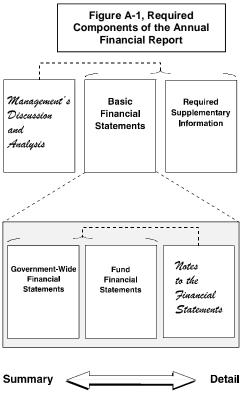

## FINANCIAL HIGHLIGHTS

- i The City sales tax revenue exceeded budget by 4.23% which reflects the growth in our area.
- i The City anticipates continued growth of our area demonstrated by the construction of McDonald's, along with Trinity Mother Francis hospital's commitment to our area has added stability and additional services within our city.
- i Property tax revenue was at 97% of the levied amount.
- i Completion of the upgrades on the auditorium and building of restrooms at the City park have enhanced our facility usage.
- i The City was able to purchase for the first time an Animal Control vehicle for our shelter. This comes complete with the separate cages, heating and air-conditioning for the animals that are picked up. The shelter was also able to expand its office area with an additional building, making more room in the shelter for housing the animals and having a special quarantine room.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts—*management's discussion and analysis* (this section), the *basic financial statements, and required supplementary information.* The basic financial statements include two kinds of statements that present different views of the City:

- i The first two statements are *government-wide* financial *statements* that provide both *long-term* and *short-term* information about the City's overall financial status.
- i The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the City's operations in more detail than the government-wide statements.
- i The governmental funds statements tell how general government services were financed in the *short term* as well as what remains for future spending.
- i *Proprietary fund* statements offer *short-* and *long-term* financial information about the activities the government operates *like businesses*, such as the water and sewer operations.
- i *Fiduciary fund* statements provide information about the financial relationships in which the City acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the

information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-2 summarizes the major features of the City's financial statements, including the portion of the City government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

			Fund Statements	
Type of Statements	Government-wide	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire City's government (except fiduciary funds) and the City's component units	The activities of the City that are not proprietary or fiduciary	Activities the City operates similar to private businesses: self insurance	Instances in which the City is the trustee or agent for someone else's resources
Required financial	Statement of net assets     Statement of activities	Balance sheet     Statement of revenues,	Statement of net assets     Statement of revenues,	Statement of fiduciary net assets     Statement of changes
statements		expenditures & changes in fund balances	expenses and changes in fund net assets	in fiduciary net assets
			<ul> <li>Statement of cash flows</li> </ul>	
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long- term	All assets and liabilities, both short-term and long- term; the Agency's funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

Figure A-2. Major Features of the City's Government-wide and Fund Financial Statements

#### **Government-wide Statements**

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net assets and how they have changed. Net assets—the difference between the City's assets and liabilities—is one way to measure the City's financial health or *position*.

- i Over time, increases or decreases in the City's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- i To assess the overall health of the City, one needs to consider additional non-financial factors such as changes in the City's tax base.

The government-wide financial statements of the City include the *Governmental activities*. Most of the City's basic services are included here, such as public safety, highways, streets and bridges, judicial and general administration. Property taxes and charges for services finance most of these activities.

## **Fund Financial Statements**

The fund financial statements provide more detailed information about the City's most significant *funds*—not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

- i Some funds are required by State law and by bond covenants.
- i The City Council establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The City has two kinds of funds:

- i Governmental funds—Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.
- i *Proprietary funds*—Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information.

## FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

**Net assets** (See Table A-1). The City's Governmental activity net assets were \$1,043,118 at September 30, 2012, a decrease of 53% over the prior year.

## Table A-1City of Winnsboro's Net Assets<br/>(In dollars)

	Governmental Activities		% Change	Business A	Activities	Total Act	% Change

Net Assets:								
Invested in capital assets net of related debt	1,607,657	1,495,036	8%	2,893,679	1,971,090	4,501,336	3,466,126	
Restricted	1,018,562	601,241	69%	866,877	1,869,289	1,885,439	2,470,530	
Unrestricted	(1,583,101)	137,793	-1249%	482,146	483,328	(1,100,955)	621,121	-277%
Total Net Assets	1,043,118	2,234,070	-53%	4,242,702	4,323,707	5,285,820	6,557,777	-19%

In March, 2012, the City obtained loans to complete the construction of a water storage tank and relocation of certain utility lines along State Highway 11. Both loans were in the amount of \$200,000.

Net assets invested in capital assets net of related debt reflects the book value of the City's capital assets in excess of the debt which financed those assets. The decrease of unrestricted net assets reflects the use of prior year resources (bond proceeds) for the City's street maintenance and improvement program.

Of total net assets, \$1,885,439 is restricted as follows:

Restricted for debt service	\$ 656,415
Restricted for capital projects	898,903
Restricted for federal grants	237,051
Other restrictions	93,070

#### Changes in net assets (See Table A-2).

Governmental Activities - The City's total revenue for governmental activities was \$2,839,352. 30% of this came from property taxes, 25% came from sales taxes and other taxes, and 32% came from charges for services.

The total cost of all programs was \$5,809,584. Approximately 14% of this was for police, 6% was for administration, 24% was for street improvement, and 31% was for water and sewer services.

Table A-3 presents the cost of some of the City's largest functions as well as each function's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by local tax dollars and other sources of funding.

i The cost of all *governmental* activities this year was \$4,030,304.

i The amount that City taxpayers funded for these activities through property taxes was \$842,673. Some of the cost was paid by those who directly benefited from the programs (\$916,087), or by grants and contributions (\$88,444).

## FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City reported fund balance in its governmental funds of \$1,346,345 at September 30, 2012. This balance is composed of the following:

General Fund	\$1,007,676
Debt Service	87,758
Special Revenue Funds	250,911

Of the fund balance in the General Fund, \$600,731 is restricted for street improvements and \$79,210 is restricted for municipal court, farmers market, animal shelter, and library operations.

Special revenue funds consist of the Hotel/Motel Tax Fund and the Revolving Loan Fund.

#### **General Operating Fund Budgetary Highlights**

Actual expenditures were less than the final budget by \$588,068. The entire street improvement project was budgeted in the current year. However, the project was not completed, resulting in \$585,052 of that budget remaining.

Total revenues for the year exceeded budget by \$226,540 and the City's general fund actual performance for the year exceeded budget expectations by \$799,154.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City was able to hold the property tax with no tax increase; it remains at \$.52/\$100. The City was also able to continue at the same utility rates from the previous year with services remaining at the same expected level as the previous year.

The 2012-13 budget also provides for the accumulation of a \$100,000 reserve in the general fund. In 2011-2012, the City was able to meet the goal on the reserve and continues to build this fund working towards the guidelines set in the budget.

Economic conditions were favorable due to the property tax collections and sales tax revenue being up. The budget was streamlined and the City worked well within the guidelines set, and at the final date, there were funds remaining. With a stable budget and staff, the City Council was able to give the employees a 3% cost of living adjustment.

Our former Police Chief retired at the end of the fiscal year and the new Chief, Andy Chester, came on board officially on September 17, 2012.

The budget for FY 2013 was approved by the City Council during its regular September Council meeting held on the 11<sup>th</sup> day of the month.

## CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, stakeholders, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, please feel free to contact the City Administrator's Office.

(The accompanying notes are an integral part of these financial statements.)

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted by the City of Winnsboro, Texas, conform to generally accepted accounting principles as applied to governmental entities.

#### A. FINANCIAL REPORTING ENTITY

For financial reporting purposes, the City of Winnsboro includes all funds that are controlled by or dependent on the City's executive and legislative branches (the Mayor or the Council, respectively). Control by or dependence on the City is determined on the basis of budget adoption, taxing authority, outstanding debt secured by revenues or general obligations of the City, obligation of the City to finance any deficits that may occur, or receipt of significant subsidies from the City.

#### COMPONENT UNIT

In conformity with generally accepted accounting principles, the financial statements of component units have been included in the financial reporting entity as discretely presented component units.

#### DISCRETELY PRESENTED COMPONENT UNITS

Winnsboro Economic Development Corporation (WEDC). WEDC is a Texas nonprofit corporation organized for the purpose of benefitting and accomplishing public purposes of the City of Winnsboro, Texas, by promoting, assisting, and enhancing economic development activities for the City. The board members are appointed by the City of Winnsboro City Council. WEDC is funded by a one-half cent sales tax levied on taxable sales within the City of Winnsboro. This tax was enacted by popular vote in 1995 and may be repealed by popular vote. Corporate financial statements of WEDC can be obtained directly from their administrative offices in Winnsboro, Texas. WEDC is reported in a separate column to emphasize that it is legally separate from the City.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Sales tax associated with the current fiscal period is considered to be susceptible to accrual and has been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The City reports the following major governmental fund:

#### General Fund

The general fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major proprietary fund:

#### Utility Fund

The utilities fund operates the water distribution system, the sewage treatment plant, sewage pumping stations, and collection systems, for which outside users are charged fees.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities, subject to this same limitation. The City has elected to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Utilities Fund are charges to customers for sales and services. All revenues not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

#### D. BUDGETS AND BUDGETARY ACCOUNTING

Budgets for the general fund, special revenue funds, and debt service fund are adopted on a basis consistent with the modified accrual basis of accounting. The proprietary fund budget is adopted on a basis consistent with the accrual basis of accounting except for depreciation, which is not budgeted and capital outlay, which is budgeted. The budget comparison for the proprietary fund has been adjusted to reflect these differences. Unexpended budget appropriations lapse at year end and do not carry forward to future periods.

Although budgetary integration is employed as a management control, the City does not record encumbrances in its accounting records.

Budget controls are imposed at the fund level and require Council approval for amendment.

#### E. INTERFUND RECEIVABLES AND PAYABLES

Any short-term advances between funds that may exist are accounted for in the appropriate interfund receivable and payable accounts.

#### F. <u>ESTIMATES</u>

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### G. CASH EQUIVALENTS

For purposes of the statement of cash flows, highly liquid investments are considered to be cash equivalents if they have an initial maturity of three months or less.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### H. RISK MANAGEMENT

The city is exposed to various risks of loss related to torts, thefts, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 2012, the City purchased insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year and there were no settlements exceeding liability insurance coverage for each of the past three fiscal years.

#### I. <u>CAPITAL ASSETS</u>

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Asset Class	<u>Years</u>
Infrastructure	50
Buildings	50
Building Improvements	15 - 20
Vehicles	4 - 7
Furniture & Equipment	5 - 7

#### J. FUND BALANCES - GOVERNMENTAL FUNDS

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance - represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance - represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance - represents amounts that can only be used for a specific purpose because of a formal action by the City's Council. Committed amounts cannot be used for any other purpose unless the Council removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the Council. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance - represents amounts which the Council intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the Council or by an official or body to which the Council delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the City itself.

Unassigned Fund Balance - represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

The City Council has adopted a goal to maintain a minimum unassigned fund balance in the general fund equal to 25% of its annual expenditures in that fund.

## NOTE 2 - COMPLIANCE AND ACCOUNTABILITY

#### Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

Violation Action Taken
None None

Deficit Fund Balances or Fund Net Assets of Individual Funds

Following are funds having deficit fund balances or fund net assets at year end, if any, along with remarks which address such deficits:

Fund Name	Deficit Amount	<u>Remarks</u>
None	Not applicable	Not applicable

#### NOTE 3 - PROPERTY TAXES

The City's property tax is levied each October 1 on the assessed value listed as of the previous January 1 for all real and personal property located in the City. The assessment ratio of the City is 100 percent of market value. The assessed value for the roll as of January 1, 2011 upon which the 2012 fiscal-year levy was based, was \$ 158,376,688 and the tax levy was set at \$.52 per \$100 of assessed valuation.

Taxes were due in January following the October 1 statement date. Tax collections during the fiscal year ended September 30, 2012, for the fiscal 2012 tax levy were 97.42 percent of the total tax levy for that year.

Delinquent taxes as of September 30, 2012, were \$ 65,623.

Allowances for uncollectible tax receivables within the General and Interest & Sinking Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the City is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. The allowance for uncollectible taxes at September 30, 2012 is \$39,374.

#### **NOTE 4 - CAPITAL ASSETS**

Capital asset activity for the period ended September 30, 2012 was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Governmental activities:				
Capital assets not being depreciated:

#### NOTE 5 - LONG-TERM DEBT (CONTINUED)

The City entered into a capital lease purchase agreement during May, 2008 with Mineola Community Bank for the purpose of acquiring a 2009 Kenworth T-300 Fire Truck. The amount capitalized was \$150,900. The minimum annual payments of principal and interest are \$22,968 and the interest rate is approximately 5%. The lease will be paid off in May, 2015.

The City entered into a loan agreement during December, 2009, with First Financial Bank of Southlake, Texas, for the purpose of financing personal property associated with the Wanda Street Bridge project. The amount capitalized was \$108,000. The minimum annual payments of principal and interest are \$30,375 and the interest rate is approximately 5.5%. The loan will be paid off in October, 2013.

The City entered into a loan agreement during October, 2009 with First Financial Bank of Southlake, Texas for the purpose of acquiring a tractor with loader. The amount capitalized was \$49,999. The minimum annual payments of principal and interest are \$14,056 and the interest rate is approximately 7.61%. The loan will be paid off in October, 2012.

The City entered into a loan agreement during July, 2012 with First National Bank of Winnsboro, Texas for the purpose of acquiring an animal shelter truck. The amount capitalized was \$12,500. The minimum annual payments of principal and interest are \$4,530 and the interest rate is approximately 5.5%. The loan will be paid off in July, 2015.

On September 22, 2004, a loan for \$1,050,000 from the Texas Water Development Board was approved. Bond proceeds were received in August, 2005 and were used to improve and extend the sewer collection system and professional fees in connection with the system and in connection with the issuance of the bonds.

In September, 2011, the City issued \$8,945,000 in refunding bonds payable with interest rates ranging between 2.0% and 4.25%. The City used the net proceeds along with other resources to refund \$9,260,599 of the outstanding Certificates of Obligation, Series 1996 and 2003 and Tax Maintenance Notes, Series 2010. Of the total 2011 Series, \$2,090,000 is reported as debt of the governmental fund types and \$6,855,000 is reported in the Utilities Fund.

The City entered into a loan agreement during March, 2012 with First National Bank of Winnsboro, Texas for improvement and extension of water/sewer lines on State Highway 11. The minimum annual payments of principal and interest are \$43,983 and the interest rate is approximately 3.25%. The loan will be paid off in March, 2017.

The City entered into a loan agreement during March, 2012 with Government Capital Corporation of Southlake, Texas for a water storage project. The minimum annual payments of principal and interest are \$44,467 and the interest rate is approximately 3.53%. The loan will be paid off in March, 2017.

Aggregate maturities of long-term debt subsequent to September 30, 2012 are as follows:

#### Governmental activities:

Year Ending						
September 30	F	Principal		Interest	Total	
2013	\$	144,371	\$	82,820	\$	227,191

	\$ 8,000,000	\$ 2,948,502	\$ 10,948,502

#### **NOTE 6 - EMPLOYEE BENEFITS**

#### A. PLAN DESCRIPTION

The City provides pension benefits for all of its eligible employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), an agent multiple-employer public employee retirement system. The plan provisions that have been adopted by the City are within the options available in the governing state statutes of TMRS.

TMRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TMRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the System. This report may be obtained from TMRS' website at www.TMRS.com.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows for the Plan years 2011 and 2012:

	2011	2012
Employee deposit rate:	5%	5%
Matching ratio (city to employee)	2 to 1	1 to 1
Years required for vesting	5	5
Service retirement eligibility (expressed as age/years of service)	60/5, 0/25	60/5, 0/25
Updated Service Credit	100% Repeating, Transfers	100% Repeating, Transfers
Opdated Service Credit		
Annuity Increase (to retirees)	70% of CPI Repeating	70% of CPI Repeating

#### B. CONTRIBUTIONS

Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Projected Unit Credit actuarial cost method. This rate consists of the normal cost contribution rate and the prior service cost contribution rate, which is calculated to be a level percent of payroll from year to year. The normal cost contribution rate finances the portion of an active member's projected benefit allocated annually; the prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the applicable period for that city. Both the normal cost and prior service contribution rates include recognition of the projected impact of annually repeating benefits, such as Updated Service Credits and Annuity Increases.

The City contributes to the TMRS Plan at an actuarially determined rate. Both the employees and the City make contributions monthly. Since the City needs to know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the rate and the calendar year when the rate goes into effect.

## NOTE 6 - EMPLOYEE BENEFITS (CONTINUED)

The annual pension cost and net pension obligation (asset) are as follows:

Annual required contribution (ARC)	\$ 88,689
Interest on net pension obligation	-
Adjustment to the ARC	-
Annual pension cost (APC)	88,689
Contributions made	88,689
Increase (decrease) in net pension	-
Net pension obligation/asset, beginning of year	-
Net pension obligation/asset, end of year	\$ -

Fiscal Year Ended	Annual Pension Cost	Percentage Contributed	Net Pension Obligation
9/30/2010	\$ 111,936	100%	\$-
9/30/2011	114,106	100%	-
9/30/2012	88,689	100%	-

The required contribution rates for fiscal year 2012 were determined as part of the December 31, 2009 and 2010 actuarial valuations. Additional information as of the latest actuarial valuation, December 31, 2011, also follows:

Valuation Date	12/31/2009	12/31/2010	12/31/2011
Actuarial Cost Method	Projected Unit Credit	Projected Unit Credit	Projected Unit Credit
Amortization Method	Level Percent of Payroll	Level Percent of Payroll	Level Percent of Payroll
GASB 25 Equivalent Single Amortization Period	28.1 years; closed period	27.3 years; closed period	25.9 years; closed period
Amortization Period for New Gains/Losses	30 years	30 years	30 years
Asset Valuation Method	10-year Smoothed Market	10-year Smoothed Market	10-year Smoothed Market
Actuarial Assumptions:			
Investment Rate of Return *	7.5% Varies by age	7.0% Varies by age	7.0% Varies by age
Projected Salary Increases *	and service	and service	and service
* Includes Inflation at	3.0%	3.0%	3.0%
Cost-of-Living Adjustments	2.1%	2.1%	2.1%

#### Funded Status and Funding Progress

The funded status as of December 31, 2011, under the two separate actuarial valuations, is presented as follows:

Actuarial Valuation Date	12/31/2011
Actuarial Valuation of Assets	\$ 3,613,219
Actuarial Accrued Liability (AAL)	\$ 4,082,562
Funded Ratio	88.5%
Unfunded AAL (UAAL)	\$ 469,343
Covered Payroll	\$ 1,269,403
UAAL as a Percentage of Covered Payroll	37.0%

#### NOTE 6 - EMPLOYEE BENEFITS (CONTINUED)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Actuarial calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation, and reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability of benefits.

#### C. <u>SUPPLEMENTAL DEATH BENEFITS FUND</u>

The City also participates in the cost sharing multiple-employer defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other post-employment benefit," or OPEB.

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers.

The City's contributions to the TMRS SDBF for the years ended 2012, 2011 and 2010 were \$2,838, \$3,744, and \$3,617, respectively, which equaled the required contributions each year.

#### NOTE 7 - INTERFUND BALANCES AND ACTIVITIES

1. Due To and From Other Funds

Balances due to and from other funds at September 30, 2012, consisted of the following:

Due to Fund	Due from Fund	<u>Arr</u>	nount	Purpose
Utilities Fund	General Fund	\$	19,730	Prepaid interest on refunding bond
				issue, Utilities Fund portion
Other Governmental Fu	nd General Fund		6,775	Advance to fund repairs to
				animal shelter

#### 2. Transfers To and From Other Funds

Transfers to and from other funds at September 30, 2012, consisted of the following:

Transfers From	Transfers To	<u>Amount</u>	<u>Reason</u>
Utilities Fund	General Fund	\$ 246,082	Budgetary transfer to cover admin
			costs
Other Governmental Funds	General Fund	2,500	To fund special project
Debt Service Fund	Utilities Fund	87,333	Budgetary transfer to cover debt
			payments

## NOTE 8 - RESTRICTED FUND BALANCES AND NET ASSETS

As of September 30, 2012, fund balances restricted for specific purposes were as follows:

General Fund:	
Municipal court technology and security	\$ 24,936
Farmers market / animal shelter	254
Library	 54,020
	\$ 79,210
Other Governmental Funds:	
Tourism	\$ 13,860
Federal grants	100,493
	100,100

At September 30, 2012, restricted net assets were comprised of the following:

	Governmental Activities	
Municipal court technology and security	\$	24,936
Farmers market / animal shelter		254
Library		54,020
Tourism		13,860
Federal grants		237,051
	\$	330,121

#### NOTE 9 - DEPOSITS AND INVESTMENTS

#### Cash Deposits

Deposits - At September 30, 2012, the carrying amounts of the City's bank balances were \$3,533,085. The City's cash deposits at September 30, 2012 were entirely covered by FDIC insurance or by pledged collateral held by the City's agent bank in the City's name.

#### **Investments**

The City is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities and (9) bid solicitation preferences for certificates of deposit.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the general purpose financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the City did not adhere to the requirements of the Act in that two of three investment officers did not obtain the required amount of investment training.

Statutes authorize the City to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas, (2) certificates of deposits, (3) certain municipal securities, (4) securities lending program, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) commercial paper.

#### NOTE 9 - DEPOSITS AND INVESTMENTS (CONTINUED)

The City's investments at September 30, 2012, are shown below.

Investment or Investment Type	Maturity	 Fair Value
Certificate of deposit	5/10/2013	\$ 52,118
Certificate of deposit	12/11/2012	367,997
Total Restricted Investme	ents	 420,115
Certificate of deposit	2/6/2013	130,120
Certificate of deposit	1/18/2013	1,916
Total Unrestricted Invest	ments	 132,036
Total Investments		\$ 552,151

#### Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the City was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the City was not significantly exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the City's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the City's name.

At year end, the City was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the City was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the City was not exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year-end, the City was not exposed to foreign currency risk.

#### NOTE 9 - DEPOSITS AND INVESTMENTS (CONTINUED)

#### Investment Accounting Policy

In accordance with GASB Statement No. 31, the City's general policy is to report money market investments and short-term participating interestearning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

## NOTE 10 - COMMITMENTS AND CONTINGENCIES

The City is under contract with a construction company for a new water storage tank. The original contract sum is \$437,030. As of September 30, 2012, the City has paid or incurred expenditures of \$409,373. The remaining commitment for this project is \$27,657.

The City is under contract with a construction company for street improvements. The original contract sum is \$1,317,228. As of September 30, 2012, the City has paid or incurred expenditures of \$1,204,093. The remaining commitment for this project is \$113,135.

#### **Contingencies**

The City participates in certain federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

## NOTE 11 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 7, 2013, the date on which the financial statements were available to be issued.

# REQUIRED SUPPLEMENTAL INFORMATION

#### CITY OF WINNSBORO, TEXAS GENERAL FUND BUDGETARY COMPARISON SCHEDULE FOR THE YEAR ENDED SEPTEMBER 30, 2012

#### INDEPENDENT AUDITORS' REPORT

#### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH <u>GOVERNMENT AUDITING STANDARDS</u>

Honorable Mayor and City Council City of Winnsboro, Texas

We have audited the financial statements of the governmental activities, the business-type activity, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Winnsboro, Texas, as of and for the year ended September 30, 2012, which collectively comprise the City of Winnsboro, Texas' basic financial statements and have issued our report thereon dated February 7, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

Management of City of Winnsboro, Texas, is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City of Winnsboro, Texas' internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Winnsboro, Texas', internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Winnsboro, Texas' internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City of Winnsboro, Texas' financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Winnsboro, Texas' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City of Winnsboro, Texas, in a separate letter dated February 7, 2013.

This report is intended solely for the information and use of management, City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Karun a. Jacks & associates, P.C.
