# Conditions of Sale

THE BUYER'S PURCHASE ORDER (IF ANY) SHALL HAVE NO APPLICATION WHATSOEVER TO ANY CONTRACT OR AGREEMENT BETWEEN THE PARTIES EXCEPT TO THE EXTENT THAT THE SELLER EXPRESSLY AGREES IN WRITING TO ANY OF SUCH PURCHASE ORDER CONDITIONS.

1. ALL TERMS ARE SUBJECT TO CREDIT APPROVAL.
2. PRICES: Unless otherwise herein stated, prices shall be the Seller's prices and transportation charges prevailing at the date of shipment.
3. TERMS OF PAYMENT: Net 30 days from date of invoice unless otherwise stipulated in writing by the Seller. Past due accounts will be charged 1.5% per month.
4. CREDIT: Should the Buyer fail to fulfill the terms of payment under this or any other contract between the Buyer and the Seller, the Seller may defer further shipments until such payments are made or may, at its option, cancel the unshipped balance without prejudice to any other rights which the Seller may have against the Buyer hereunder. Shipments and deliveries shall at all times be subject to the approval by the Seller of the Buyer's credit and the Seller reserves the right, even after partial shipment or partial payment on account of the contract to require from the Buyer satisfactory security for the due performance of the Buyer's obligations. Refusal to furnish such security will entitle the Seller to defer any further shipments until such security is furnished or to cancel the contract or so much of it as remains unperformed without prejudice to any other rights which the Seller may have against the Buyer hereunder.
5. TAXES: All prices are subject to the addition of any present or future, applicable sales, excise, use or other taxes or duties imposed by any governmental authority. All such taxes and duties, unless otherwise expressly stipulated, shall be added to and become a part of the price payable by the Buyer to the Seller.
6. TITLE AND RISK: Unless otherwise stipulated herein, all sales are F.O.B. Seller's plant and title shall pass to the Buyer upon delivery by the Seller to a carrier for transportation to the Buyer. Title to products sold F.O.B. destination shall pass to the Buyer upon arrival at the specified destination. All products shall be and remain at the risk of the Buyer from and after the time at which title passes.
7. DELIVERY DATE: Delivery dates set forth herein are subject to change and are predicated on conditions existing at this time. Seller shall exercise its best efforts to deliver within the time quoted but does not guarantee to do so, and shall not be held responsible for any loss or damage of any kind or nature whatsoever caused by the delay in delivery irrespective of the cause of such delay.
8. FORCE MAJEURE: In the event of any delay in the Seller's performance due to fires, strikes, labour disputes, war, civil commotion, epidemics, embargoes, floods, delays in transportation, shortage of cars, fuel or other materials, default or failure of carriers or contractors, shortage of labour,

acts of God, acts, demands, requirements or requests of any state or government or to any other cause beyond the reasonable control of the Seller whether or not a kind herein before specified notwithstanding that such cause is operative at the time of making the contract the Seller shall have such additional time within which to perform this contract as may be reasonably necessary under the circumstances. Notwithstanding the foregoing, if performance of the contract by the Seller be delayed for a period exceeding thirty days by any such cause either party shall at its option be relieved from further responsibility, that in respect of products manufactured or in process of manufacture at the date of exercise of the option such relief from responsibility shall be subject to the consent of the Seller.

## 9. SELLER'S STANDARD PRACTICES AND TOLERANCES:

Except to the extent otherwise agreed in writing all products shall be delivered in accordance with the manufacturer's standard practice and shall be subject to the normal tolerances, variations and limitations of dimension, weight, shape, composition, mechanical properties, structure, quality and service conditions consistent with practical testing and inspection methods. All orders shall be subject to Seller's regular practice concerning over and under shipment.

10. WARRANTY: The Seller warrants that all products sold herein are of merchantable quality but unless otherwise herein specified makes no warranty or representation that the products sold are fit for any particular purpose. Save as specifically provided herein, all expressed or implied warranties, whether they be statutory or otherwise, and all representations or conditions as to products are expressly excluded.

11. BUYER'S REMEDIES: If any product furnished to the Buyer shall fail to conform to the contract between the Buyer and the Seller, the Buyer shall give prompt written notification thereof to the Seller. Such non-conforming product shall be held for the inspection of the Seller and the liability of the Seller in respect thereof shall be limited to the replacement of such product subject to the return of such product or, at the discretion of the Seller, to a return of the sale price less the salvage of scrap value thereof. The Seller shall in no event be liable for the cost of any value added to any non-conforming product or for any special, direct, indirect or consequential damages by reason of the fact that any such product shall have been non-conforming.

12. CONSEQUENTIAL DAMAGES: Neither party to the contract shall be liable for indirect to consequential damages.

13. CANCELLATION: Orders will not be subject to cancellation or modification, either in whole or in part, without the Seller's written consent.

14. ENTIRE CONTRACT: No terms or conditions, other than those stated herein, and no agreement or understanding, oral or written purporting to modify these Conditions of Sale whether contained in the Buyer's purchase order or elsewhere, shall be binding on the Seller unless made in writing and accepted in writing by the Seller.
