

The Roberts Conservatory of Dance was established in 1980. We do our best to organize our program so that the needs of each student are of the utmost importance. We keep all of our classes small to ensure more one on one learning and also provide observation windows into both of our studios so parents can always observe our classes. We provide each student every opportunity to achieve individual success.

GOALS OF THE CONSERVATORY

1. To develop confidence and a high level of self-esteem in every student.
2. To offer exceptional Dance and Acrobatics instruction at an affordable price.
3. To encourage all students to achieve their personal goals.
4. To provide a family friendly environment, and for all of our classes to be a fun and positive experience.
