I authorize Bankers Home Loans to charge my credit card/bank account. This charge will take place in connection with your application for a home loan, the lender must disclose to you the score that a consumer reporting agency (credit bureau) distributed to users and the lender used in connection with your home loan, and the key factor affecting your credit scores. The credit score is a computer generated summary calculated at the time of the request and based on information a consumer reporting agency (credit bureau) or lender has on file. The scores are based on data about your credit history and payment pattern. Credit scores are important because they are used to assist the lender in determining whether you will obtain a loan. This may also be used to determine what interest rate you may be offered on the mortgage. It is very important that you review the credit related information that is being furnished to make sure it is accurate. If you have question concerning the terms of the loan, contact the lender.

*I AGREE TO PAY THE ABOVE TOTAL AMOUNT ACCORDING TO CARD ISSUER AGREEMENT*
