### About BuildTrain parties

We are pleased to be able to offer safe and fully instructed parties for children as young as 6 at our training unit in Royston. All parties include full instruction on the safe use of tools, tool care and are led by fully qualified instructors. By booking your children a BuildTrain party you can guarantee they have fun in a safe and secure environment.

A parent or accompanying adult must be in attendance with each child at all times and must be willing to get their hands dirty. Each child will complete the same project during the party.
