Mr. Conway:

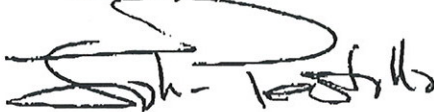

I want to take this opportunity to thank you for the great job your company did when you constructed the "sound wall" in front of our school.

I was amazed that you were able to get everything completed on schedule. When I told you that I wanted everything finished, all of the equipment and materials gone, and the grounds back to at least their original condition before the teachers returned to work I really didn't think you could do it. You did!

Thank you; too, for the extra gravel you were able to leave on site. It was put to good use on the back road that is used as an access for emergency vehicles.

It is a pleasure to do business with a company like yours: hardworking, honest, and professional.

Sincerely,

John Pestillo
Principal, Wilkes Elementary School
