Introduction to ACSIL

What we do: We provide free and confidential support in the Liverpool and Merseyside area for people for whom an amputation may be necessary or who already are amputees, this also extends to their families, partners and carers.

Support: Based on first hand experience we can provide advice, practical help and support when and where needed. Much of our support is given in hospital prior to the operation and just after the operation.

And after: The Amputees and Carers Support Group is an active and dynamic group who meet regularly and organise social events to benefit members.

Our social day is every **Wednesday between 10.30am - 3.30pm** where you can chat and socialise with other people in a similar situation as yourself.

We also provide day trips on specially adapted vehicles.

Interested?

Then contact ACSIL between 9.30am - 1pm Monday to Friday on 0151 261 1166 or come along to our office and drop-in centre at:

Serious Injury Solicitors

Serious Injury Solicitors and
Amputation Injury Specialists

At **Potter Rees Dolan**, our expert solicitors are here to help you claim the compensation you deserve following an amputation through **personal injury** or **clinical negligence**.

We have seen first-hand how traumatic the experience is and how difficult it is to overcome an amputation.

Our solicitors are highly experienced in helping amputees to gain the compensation that is crucial for re-adjusting to their new circumstances.

Amputation claims typically have a **three year limitation** from the date of your injury, so you should speak to an expert as soon as possible.

VOLUNTEERS NEEDED!

It is with great sadness that we have to once again ask for volunteers to help at the Royal Hospital and the Prosthetics and Wheelchair Centre at Aintree. Unless we get more volunteers, we won't be able to offer these services.

DON'T LEAVE IT TO OTHERS

Volunteers are only needed on a monthly basis for one or two hours at Aintree and the Royal to meet and greet other amputees who might need help or advice.

We are making giant strides to get into the Royal and hopefully we will have our own room where we can talk to people in private. Ladies can be accommodated with a female amputee if required to offer help and advice from a female perspective.
